first of all. I am sorry we didn't
get along very well. It's your fault
I'll always been in love with you
if I wasn't going out with Michale
I would love to take you out
so your sister got a little mad
but that's ok. I love you and
I want you to call me if
you or your sister wants a good

Kristafir -

How well we knew each other - at night, in pajamas w/AFS
people and in birthday suits. Life this year has been fun -
especially since I knew you (or was it Stacy ???!!?) Outward
and northward to an institution of higher learning. In your case
prestigious. Weren't the unsupervised, by the school, tons of fun?

Stay young at heart.

Taroga Staff Expands Their Horizons

The Taroga staff kicked the year off under the capable direction of chief editor Stacy Sutton. Ideas were constantly sprouting from the fertile brains of the busy and dedicated staff. Producing a memorable record of M.B.'s activities, people, sports, and of course pictures, kept this bubbling group busy day and night. Late nights, ever due deadlines, pictures and copies made for an intense atmosphere. Instructed to show everything to Ms. Sutton who meticulously examined every layout, the end product was as promised "a great yearbook we'll all be proud of."

Service With A Smile — ASB

Enthusiasm best describes Mission Bay High's ASB. Vigor and liveliness propelled them towards new heights, engaging a good portion of the school population in their various activities. These youngsters served as coordinators, promoters and generators — there was always the goal of major participation in each event.

The duties of the thirty odd numbered group ranged from producing a monthly newsletter to planning the prom. Also occupying the attention of the group were pep rallies, Friday music on the weedpatch, elections and endless signs.

The most important function of the ASB was student involvement. Striving to garner the most people per event was their first and foremost goal. The student body could take advantage of floats, clubs, and attendance to events as avenues to involvement.

Undoubtedly the success or failure of a particular ASB is determined by the energy of the advisor. They were led by the fearless Mrs. Nagata who plodded, planned and prodded the class to achieve their goal of total student participation. If this year is any indication of the immediate future, Mission Bay will be in good hands for a long time to come.

The Mission Bay Swing Choir, directed by Rey Vinole, has been one of the hottest groups around campus. This year proved to be just the same. They got off to an early start with hours of hard, intense practice, getting prepared for the year, to provide Mission Bay with enjoyable musical performances.

Their performances however, weren't limited to the auditorium. The Swing Choir sang at shopping centers, the P.B. Block Party and the School Music Festival.

Audiences heard a noticeable difference in this year's style as compared to last year's. Whereas jazz dominated the group's repertoire last year, a decision was made to incorporate different musical styles, with the emphasis on variety.

Made up of selections varying from Masquerade to Steam Heat, their performances demanded the audience to sit up and take notice. The talent so obvious to anyone who has attended one of the Swing Choir's performances, with any luck should keep them going for a long time to come.

Show Choir Performs At Mission Bay

Show Choir is a unique group of talented people who have everything going for them. Throughout the years they have performed many Broadway plays.

This year Show Choir kicked the year off with the Fall show. They detailed Broadway musicals and progressed to music of the 80's with an outstanding finale from **Flashdance**. The Christmas show was a big hit. The program consisted of a variety of Christmas carols and dances.

Jazz MB style

For the past ten years the award-winning Jazz Ensemble has contributed greatly to the pride and reputation of Mission Bay.

Under the direction of Mr. Rey Vinole, the jazz band has won over sixty first place and superior awards and have produced five jazz albums. Their melodious tunes can be heard echoing through the hallways during their practice or in stereo on the local radio station KSDS JAZZ 88.

They have also traveled to Mexico where they are considered to be better than all of

the college and high school bands of that country, and just last year they played an exchange concert with Kamahameha High School in Hawaii. Their goal for the future is to perform in the far east Country of China.

Although some of our sports members may carry all of the glory, M.B.'s award-winning Jazz Ensemble is by far the most accomplished and prestigious group on campus.

Although the Bucs didn't win their homecoming game, they played a hard fought game against University City. They were winning the game in the last quarter, with the score 19-9, until UC scored two more touchdowns, ending the game with a score of 26-19.

Halftime was just as exciting as the game, with outstanding floats from each class. This year the theme was television comedies. The sophomore float depicted the TV comedy "The Beverly Hillbillies", the junior float was "Happy Days", and the senior float modeled "Gilligan's Island". The senior float was judged number one, continuing an MB tradition.

Dancing to the Beat

November fourth was the Homecoming Dance; the big night we had all been waiting for! Couples began arriving at M.B.'s Gym at 8:30, all dressed in their best, ready to dance and enjoy themselves. The band was The Flexies, who played many favorites by the Police, Madness, Beatles, and many more. At around 10 o'clock the new Homecoming Queen, Monica Adams, and her escort, Geordan Mitchell, walked up the red carpet, along with the rest of the Homecoming court. Shortly afterwards, Monica and Geordan danced to a special slow song. It will be a night to remember for Monica and us all.

A special slow song for the Homecoming Court of 83-84.

Crowning the Elite

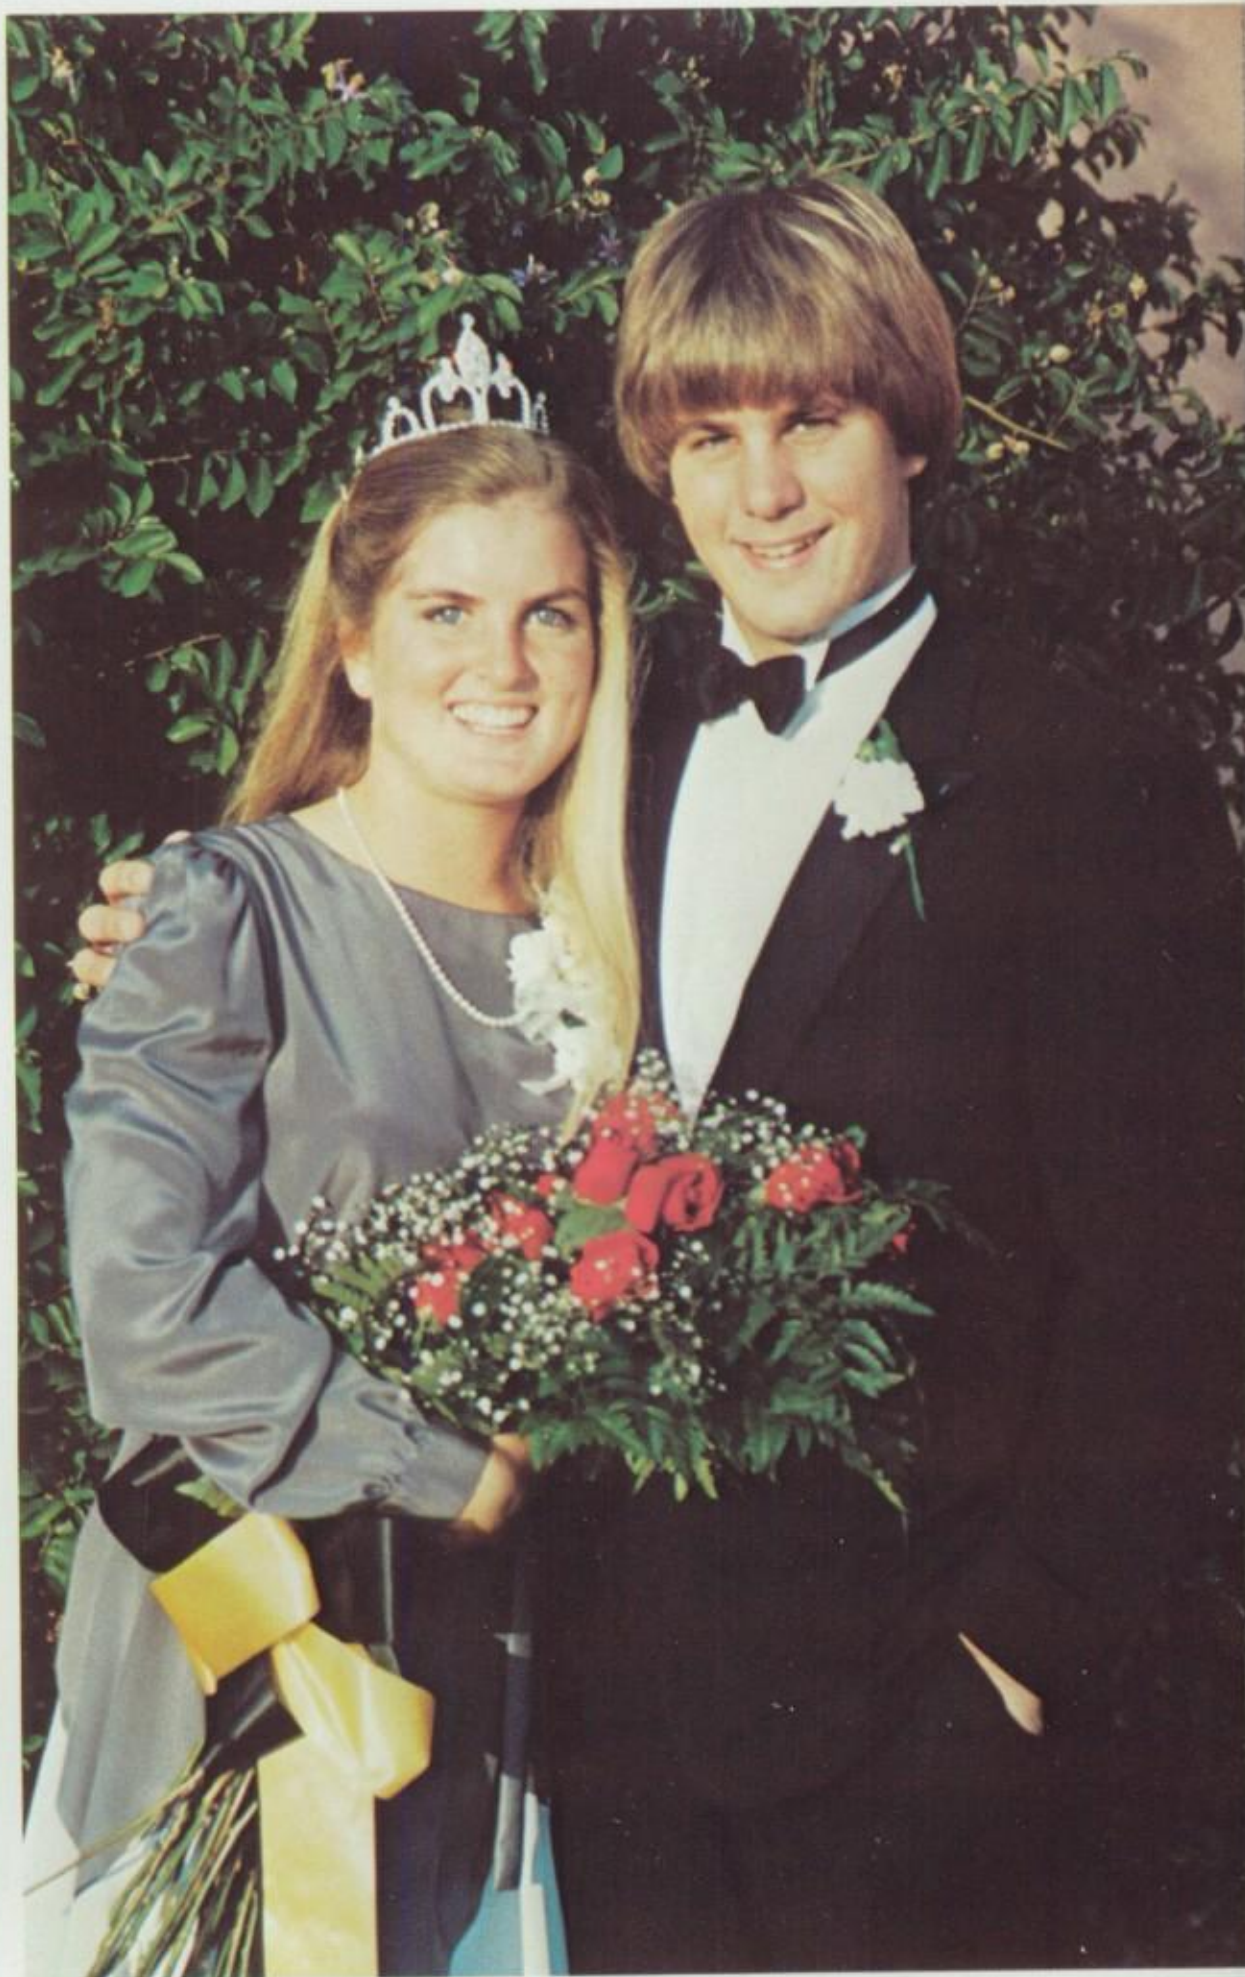

Everyone has at least one thrilling moment in his or her life. For some that moment has already come and for others it is still to come. Monica Adams had such a moment on November fourth when she was crowned Mission Bay's 1983-84 Homecoming Queen.

Monica was asked about how she felt when she was named the Queen and she replied, "I was just super happy, stoked and above all excited!" Monica added that she wants to thank everyone who voted for her. The elections were close with Kimera Watson and Michele DeMotte as the runners up. The Junior attendant was Robin Watson, with the Sophomore attendant being Teri Turnbull. This year Mission Bay High School was proud to have three AFS exchange students, Valeria Benzi from Italy, Karla Mota from Brazil, and Marcele Tremblay from Canada. The girls also participated as the AFS Homecoming Attendants.

Whatever their country or origins, the evening of dinner, dancing and having fun will be remembered as festive and exciting.

BBQ '83 — A Big Success For All

October first marked Mission Bay's annual Buc BBQ. The day began at 1:00 with a Varsity game pitting Mission Bay against Crawford. The game was exciting with many turnovers. On one particular pass play, Crawford intercepted our ball, luckily fumbled, and we recovered it for a first down. In the last ten seconds of the last quarter tension rippled through the air as the game was tied. Crawford scored, giving Mission Bay the first loss of an otherwise successful season.

The loss dampened the spirits of the Bucs, as did the overcast weather. The BBQ that followed was held in the cafeteria and helped to revive some spirit. Soda, candy, and other such delectables were being sold outside the cafeteria. Everyone had a wonderful time eating the BBQ dinner catered by the BBQ pit. The dinner consisted of barbeque chicken, a roll, potato salad, and beans.

At 7:00 the dance was held in the gym. The band was NE-1 and soon they had a crowd dancing the night away. Overall, October first was a day nobody will forget.

Varsity Cheers The Bucs On

Who has memories such as trying out in front of all of Mission Bay High School, selling candy bars, washing cars, practicing mounts, choosing uniforms, and leading "Hey Crowd"? The Mission Bay Varsity Cheerleaders, of course.

Not only did they cheer at games, but they helped raise Buc pride with signs and smiles. At the Fall Pep Rally the cheerleaders did a dance to "Be True To Your School" by the Beach Boys.

The squad consisted of seniors Dawn Balanky, Sylvia Chavira, Anne Mahan, Kimera Watson, and Heather Weaver, with juniors Lisa Nicks and Robin Watson. Kimera Watson, who has cheered for three years, was Head Cheerleader. Mrs. Nagata helped and supported both junior varsity and varsity cheerleaders and served as their advisor. Over all Varsity rates a V-I-C-T-O-R-Y!

Heather Weaver and Lisa Nicks cheer the Bucs on to another win.

Who are those five bright and cute girls running around, doing cheers, and waving their pompoms? None other than the Mission Bay Junior Varsity Cheerleaders. This year the squad consists of all sophomores; Kelli Ault, Heather Knowles, Lisa Muhlbacher, Mary Story, and Julie Towt.

When asked what their memories were the squad replied: Tryouts . . . Camp . . . "the flip" . . . "We work together in unity" . . . 5 friends forever . . . THANKS VARSITY!

The CSF (California Scholarship Federation) club at Mission Bay is dedicated to the ideal of high standards in academic work. To become a member, a student must have at least ten points per semester in academic subjects (at the rate of three points for an "A" and one point for a "B"). To become a life member of CSF it is necessary to achieve this level of scholarship for four semesters. Life membership entitles a student to numerous scholarships at California colleges and life members also have the CSF seal affixed to their diplomas.

At school, the CSF club attempts to raise money scholarships for outstanding students. They are planning to meet with other schools to discuss the activities of the other CSF clubs.

Putting Creativity To Work

Hotlines is a publication that contains short stories, poetry, photography, and artwork which is submitted by students who want their work to be published in Hotlines. The work submitted had to first be approved by the Hotlines editorial board. Although it got off to a late start, Hotlines finally got started with Mrs. Sharilyn McSwan as advisor. This year's Hotlines brought together many new prospective people interested in contributing their efforts and talents into expanding Hotlines and publishing more issues this year. Hotlines had quite a few veterans from last year, so they had several members eligible to be Editor-in-Chief. Mrs. McSwan designated two staff members Editor-in-Chief for each issue. The editors for this year's Hotlines are Brian Catanzaro, Joe Pollock, Lisa Celata, Tim Porath, Jay Cameron, James Moore, Barbara Bandy, Paul Morrison, and Sue Miedema.

Good Point, But . . .

The Speech and Debate Club (SAD to its members) was formed in 1981 by a group of juniors and seniors interested in the forensic arts. Since then, they have been building a tradition of victory in San Diego speech events. This year is the first that veterans with more than one year of experience will be competing for the team. Because of this, the team hopes to have its best competition year ever.

Last year, the club received a Na-

tional Forensic League charter. This is a great honor, because there are only 1211 of these charters in the entire United States. Having it enables the club to send members to national speech competitions. The charter also allows members to score NFL points at all speech contests they enter, and if they score enough points they can have several different levels of NFL seals affixed to their diploma. This is one of only two seals that can be at-

tached to a diploma, the other being academic distinction.

This year the club hopes to send more members than ever to the state speech competitions. Last year, four people qualified for these competitions: Brian Cantanzaro, Andy Cantanzaro, Greg Hom, and Tamara Brown.

("Good point, but . . ." is the semi-official motto of the club. It came from the first tournament the club participated in.)

Preparing for The Future

DECA (Distributive Education Clubs of America) is a nationwide organization for high school students. It helps them learn marketing skills and the concepts of the business world. With their skills, the students have a better chance to compete against their peers at district, state, and national conventions.

This year DECA has had several fund raisers to let them attend the Dis-

trict and State conferences that will take place in the spring.

The club is preparing for the county DECA conference that will take place here in January.

Included in their marketing training is the operation of the student store. The ambitious group gains real life knowledge of the ins and outs of running a business.

For the past 26 years Mission Bay High School has had an active AFS club. The American Field Service is an international social organization that helps people to expand their views of the world by sponsoring students to live in different countries. The students are placed in families who have their same interests. To have fun and sponsor their activities, the club sold concessions at Buc games. They also built a Homecoming float and sponsored the annual AFS Weekend, where students from all over San Diego County spent the weekend with our AFSers. During these events students learn about each other and about other customs and cultures.

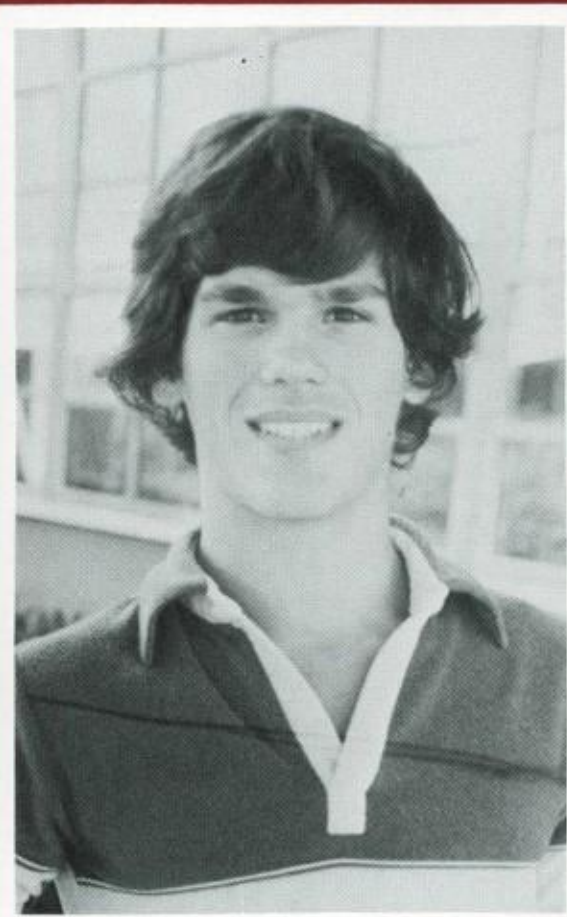

The club was led by President Spencer Sturm, Vice President Marilyn Lucas, Secretary Stacey Mosteller, and Treasurer Heidi Noderer. Mrs. Lazar helped advise the club.

Some of the other activities that the Key Club performed included the annual Kiwanis Apple Drive, the Halloween Carnival at the P.B., Rec. Center, and other various activities to help Mission Bay High and the community.

A definite "Thank You" goes to the Key Club for their help in keeping Mission Bay's campus clean. In the early mornings and after school one could find some of the club sweeping to their hearts' content.

The Future Is Now

When we leave high school and enter the business world, we must be prepared, poised, and confident. We must be able to handle pressure and responsibility. Some M.B. students who hope to leave with those qualities are the Future Business Leaders of America.

Under the tutelage of Ms. Melville and leadership of President Christa Schmuttermair, members of the club learned the finer points of public speaking, time management, and preparation for job interviews. This was accomplished at workshops held before school every other Wednesday.

As well as the workshops, the club held numerous fund raisers to send some members to leadership conferences in places like Fresno and Seattle.

Also helping to make the year a big success were the other officers of the club: Chris Bouchard, vice-President; Becky Boldrick, Historian; Brian Reese, Parliamentarian; Melissa Martinez, Treasurer; Candice Hom, Secretary; and Tris Bliesner, ASB representative.

The Mission Bay Drama Club has been expanding in leaps and bounds in the past years. This year is no exception. Energy has been pulsating throughout all of the Drama Club members. This year the club is sponsoring **The Male Animal**, November 17, 18. Many other productions will be performed this year.

The club participated in the Theater Festival at Occidental College. They heard professional views on the arts, stage presence, preparation for auditions, music and many more helpful hints.

This is Mr. Drake's 10th year sponsoring the M.B. Drama Club. Because of the enthusiasm and dedication, the club had two production workshops a week. The club will perform mime and small scenes at lunch and at elementary schools as the Mission Bay Players.

This was the first year that Mission Bay has had an official Pep Club. The Pep Club, organized by Donna Wolfe, is sponsored by Mrs. Nagata.

They have come together at every football game to represent a small but effective portion of Mission Bay's Buccaneer Spirit. The Pep Club did a good job in getting the Buccaneer football fans into the winning spirit. Not only did the Pep Club encourage the fans, but with all of their enthusiasm and Buccaneer Spirit the football team had an even greater incentive to win their games.

Okay, take the stupid picture!

Reach To Expand Your Horizons

"Expanding horizons" means all the things explained in the opening of this book. It means growing up, learning, and preparing for the future. Mission Bay is a big part of the expanding horizons of its students. Classes teach us knowledge and new ways of thinking; counselors and the career center guide us to our futures; and the social life lets us meet new people and make friends. High school is an important stepping stone in our lives, changing the way in which we think and shaping our personalities while we're on the road to our futures. Treasure the memories of Mission Bay, but always look to the future and the prospects it will bring.

At Mission Bay

A beautiful sunset over the horizon of the Pacific.

Pep Club / Theme

Finding The Path to Your Horizon . . .

Extending horizons is the Career Center's theme. This year many students have been counseled on career opportunities, whether they were future college plans, R.O.T.C. opportunities, or R.O.P. (regional occupational programs), the career center was the place to get the needed information. The career center is run by Mr. Severson and Mrs. Sennett. They arrange meetings with college representatives and answer any career or educational questions students may have. This year the center has organized many activities, such as W.O.W. (womens' opportunity week).

W.O.W. was a terrific success. Twenty-five businesswomen spoke in the meeting which was very informative to men and women alike. All who attended derived something from the meeting.

Another important function of the career center is the job placement service. Employers inform the counselors of job openings; they in turn arrange interviews with students needing work. This service proved invaluable to the many students who found themselves with great jobs.

Career Fair

February 1984 held many exciting events. One of this year's highlights was the annual career fair. Each year the magnet center, led by Mrs. Gilliland, organizes this event to give students the opportunity to learn about various careers in fields of their individual interests. Successful members of the business community spoke about their respective careers and gave advice on entering the fields. Such fields as interior design, advertising, retail, and a special section to give tips on applying for that special job, were included in the program. One special attraction in the advertising seminar were two Mission Bay alumni; now that was definitely a positive addition.

Career Center / Fair

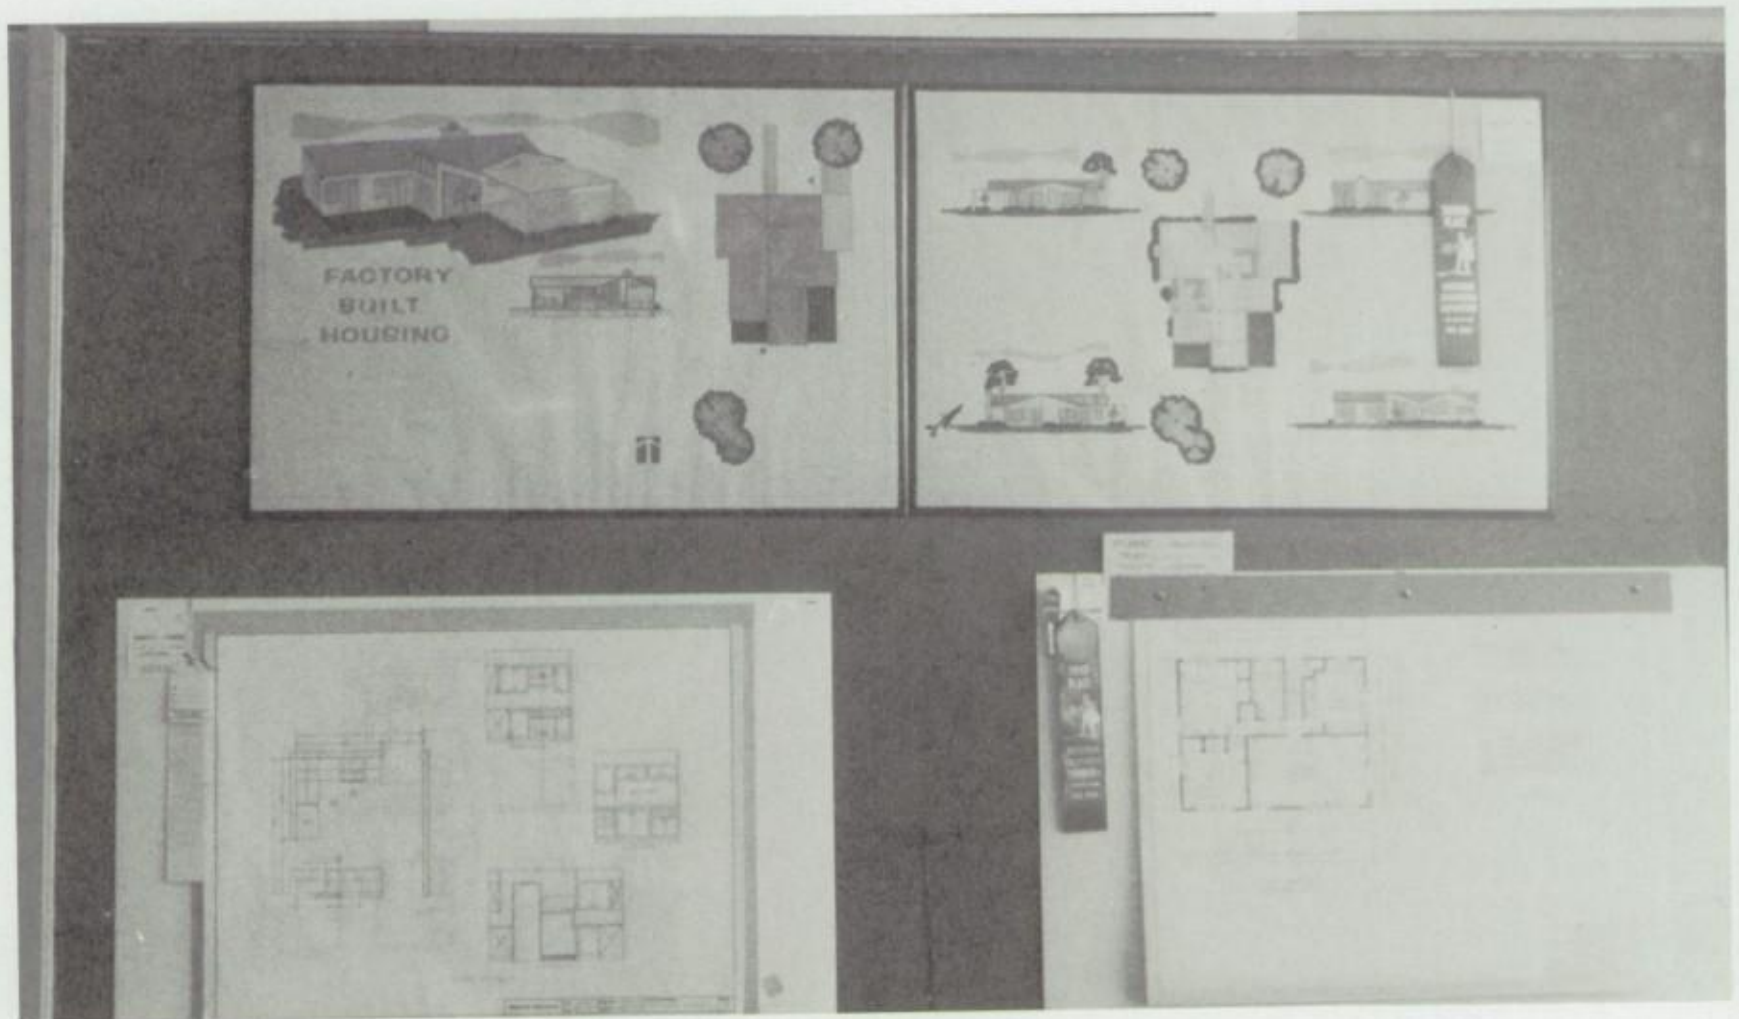

Success Oriented

Mission Bay's Magnet Center consists of various types of business, accounting, and graphic arts classes. They are related to the marketing, graphics, and management program. Although the M.G.M. center has only been in progress for a few years, it has been very successful. Mrs. Gilliland is the new magnet center coordinator. She has been very pleased that the center has attracted students from all over San Diego. Jessica Drosch, a prospective sophomore who works hard in her classes, is planning on majoring in business when she goes to college. She feels that Mission Bay's magnet business courses will help her in preparing for college.

This year the magnet center had a lot of new interest from the community. Local business representatives came into classes and spoke about their careers.

Recently the magnet center has started a newsletter which details the center's activities.

Rally Peps MB Into Fall

The Fall Pep Rally on October 21, 1983, was kicked off by the Varsity Football team. Their precision warm-up exercises heated up the audience and left the fans screaming for more. The Varsity Cheerleaders gave the crowd something to roar about, and the J.V. Cheerleaders raised our spirits with a standing half pyramid. In a hilarious spoof of the Mission Bay Cheerleaders, Mike Connor, Cameron Christman, Bret Rimmer, David Arnold, and Malcom Cookson (our own MB Male Dancers) showed us the pyramid of all pyramids.

The show opened with the Show Choir singing and dancing their way through a Broadway medley of songs ranging from "Camelot" to "That's Entertain-

ment." They were followed with solo dances by Melanie Pribyl ("Man Hunt") and Carolyn Davis ("Fame"). The Swing Choir was next, singing "Bill Bailey," "Steam Heat," and four others. Then the award-winning Jazz Ensemble, backed up by some greats from the past, played a set of five tunes, with soloist Courtney Bennet singing "You Light Up My Life."

To wrap up the concert, the combined Swing and Show Choirs sang two old Christmas favorites, "White Christmas" and "Jingle Bells." The concert ended with a visit from a candy-flinging Santa Claus and an awards presentation.

Let's Hear It For The Awesome Bucs!

Once again excitement and spirit rolled through the gym showing all of our great winter athletes our Buc Spirit. The winter sports are Boys and Girls Basketball, Wrestling, Boys Soccer and for the first year at Mission Bay a Girls Soccer Team was introduced.

After all the teams were introduced,

a skit was performed in which a Clairemont Chief (Wesley Odom) came and stole one of the JV cheerleaders (Mary Story). Russell Johnson and Bret Rimmer flew through the gym on a rope as Batman and Robin hoping to save the Buccaneer Cheerleader, but our hero Vito Roberti was already to the rescue

and captured the dirty Chieftain and wonderful Buccaneer Cheerleader.

The winter rally was a successful one with lots of spirit, thanks to Lindsay Sutton, the commissioner of Assemblies and Rallies.

A Step Back To The Roaring 20's

Slowin' Down The Swing ...

Two Young Flappers Havin' A Blast!

On Feb. 4th the time clock was turned back to the rip-roaring twenties as Mission Bay held its annual ASB Ball. The posh Atlantis restaurant provided a dance floor, not to mention the delectable hors d'oeuvres which were devoured. Mission Bay's favorite dance band, NE-1, played songs reminiscent of the past which moved the couples into making the ASB Ball come alive. Those who chose to dress according to the theme made their presence known via elaborate costumes with vibrant colors. Couples who chose the traditional formals looked equally exquisite. All these elements, combined together, formed an evening of ecstasy.

The Bucs Pleased All

This year the Varsity football team did a good job in representing the Bay. We can all be proud of Eddy Hooper's arm, Joe McClain's speed, Chip Stratton's power, Richard Clement's kicks and the chache's strategy. The team was strong and determined. Though many of these young men will graduate soon, their contribution to the team will not be forgotten. Focusing on their past games, The Bucs always came through when it counted. The La Jolla snobs went away in sobs! The Bucs completed the season with a record of 5-5. Whether we mention a few names or no names, we can always keep our heads held and that's determination to always stay on their toes and fight hard to win.

The teams The Mighty Bucs have defeated were: Bonita Vista 14-0, St. Augustine 43-32, Christian 27-6, Serra 32-14, MISSION BAY 7, the La Jolla snobs 6!! The teams that defeated Mission Bay this season were: Crawford 14-7, Point Loma 27-0, Clairemont 23-15, University City 19-15, and University 32-14. In Western League play we finished 1-4.

Joe McClaine — Wide receiver

- Q: What do you think of the Bucs chances this year?
- A: I like our chances. The teams we have to watch out for are Squaremont and Point Loma.
- Q: Doesn't the size of the guys who are tackling you intimidate you?
- A: Not really, because there are a lot of smaller guys who hit harder, and tackle better, than bigger guys.
- Q: As a receiver, what was your goal this year?
- A: I wanted to become one of the top receivers in the county, and with Coach Carpenter's help I think I reached my goal.
- Q: How can you keep your concentration when you know you are going to get hit as soon as you catch the football?
- A: I am used to being hit when I catch the ball, so it doesn't affect my concentration that much.

Umph! Richard uses all of his might.

Richard Clements — Place Kicker

- Q: How important do you feel you are to the team?
- A: I feel I am important to the team because the points that I make can win or lose a game.
- Q: How do you feel when you miss a point/ make a point?
- A: I feel like I have let the team down/or I am Super Duper Jazzed!
- Q: What is the most important part about kicking?
- A: Keeping my head and following through when I kick the ball. Most of all **Never Miss.**
- Q: Why do you wear one black and one white cleat?
- A: My black cleat is for traction. My white shoe is like a tennis shoe, which I can kick better in. I can kick best barefoot, but they won't let me do it that way.

Cameron brings his opponents to their knees.

Cameron Christman — Linebacker

Q: How do you feel about this year's team?

A: In my three years of varsity football I feel that this year we have the best chance of taking the league.

Q: Do you like playing linebacker?

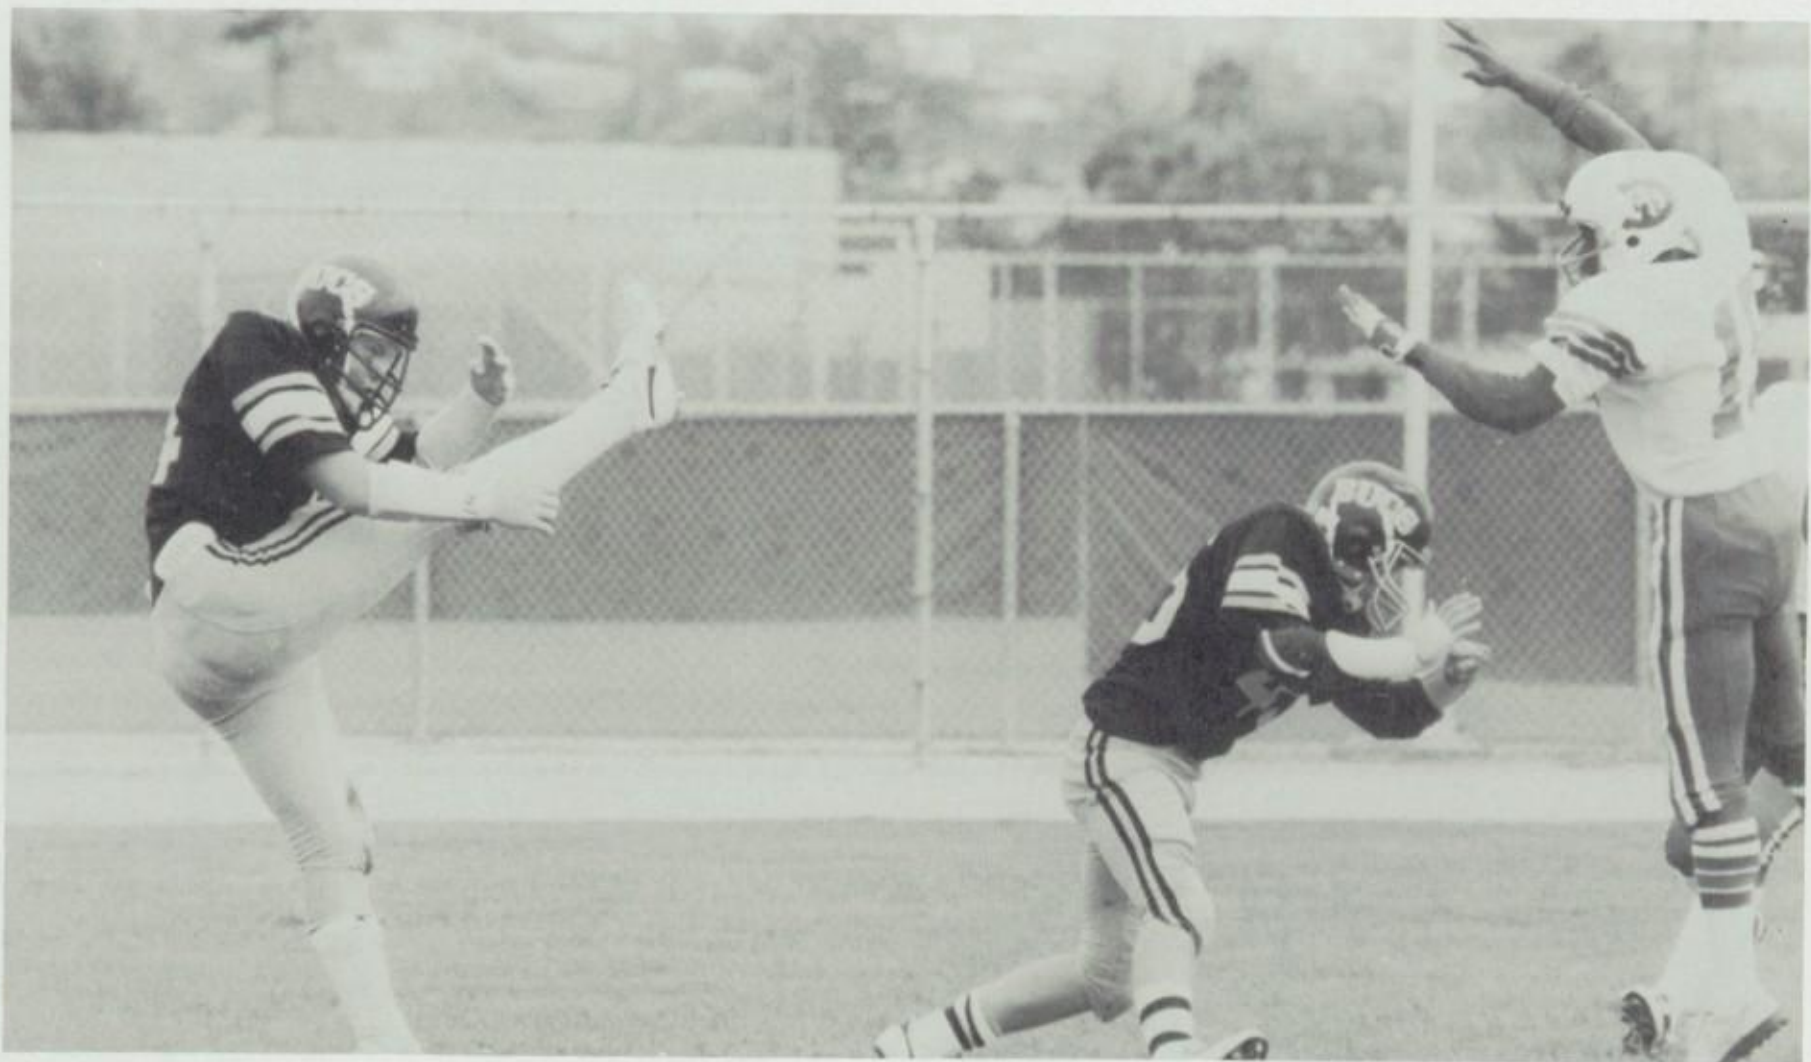

A: Yes. It is great to stick an opposing player's face in the dirt!

Q: When is the hardest part of the game?

A: Fourth quarter. When the strenuous fatigue sits upon you, that is when the team has to pull together and give 110%.

Q: How do you take a loss?

A: I take it very seriously and it will take me a couple days to forget it. Both physical and mental let-downs are produced by this.

JV Looks Toward The Future

It was agreed by all that this year's J.V. football team made great headway toward making a good football team for the future at Mission Bay. After starting out the season with four straight defeats, the team came back strong with two wins in their last five games. Throughout the season, the players practiced long and hard and they never gave up during their games. By the middle of the season, some very good players had shown some of the potential that will make them the nucleus of the Bucs for the next two years. The players said something that has a good chance to come true: "We will fire up and show what the Bucs are made of next year!" And that's a promise.

The teams the Bucs beat this year were: Serra 7-6, and Clairemont 14-12.

Everybody wants someone.

The 1983 girls' varsity tennis team pulled out with a record of 9 wins and 7 losses, which was a little better than last year. Many of these wins were contributed by the outstanding talent of sophomore Christy Drage, who was ranked number one on the team. One of the 3-year veterans, Monica Adams, acted as team captain this year. Mr. Weiss was the coach for the fourth year in a row. He remarked more than once that, "This year's team was the best bunch of girls he ever had." Next year, with the loss of seven seniors, Karin Enbom, Michelle Ball, Christy Drage, and Traci O'Neill, will head the team. Voted most valuable player of this year's team was Christy Drage and the most valuable doubles team was Monica Adams and Marsi Howell. Shelly Geiger was awarded most improved while Michelle Ball received the trophy for most sportswoman-like and spirited.

This year's Field Hockey team played hard and showed a lot of team spirit even though they didn't have many wins. Liane Wong, a senior who has played Field Hockey for three years, says that the team has improved a lot this year.

With the coaching of Miss Malley, an expert coach, next year's Field Hockey team has a lot of potential to have an even better season. Rosemarie Butler and Kelly Bezverkov were the team captains. They did an outstanding job of leading the team and making sure everything went accordingly. The best offensive player of the Field Hockey team was Rosemarie Butler; the best defensive player was Jennifer Reighley; and the best overall player was Liane Wong.

Cross Country Runs To The Horizon

When questioned of the nature of workouts, all agreed they were tough! Coach Ungricht's motto, "no pain, no gain," was put to good use this season. All the hard work did pay off for those who ran in the CIF Finals. The boys' team placed third and Ellen Flanagan placed third running as an individual. The competition was too hard for the girls' team as a whole, but they gained experience. Better luck next year!!

That best describes the enthusiastic 1983 MB volleyball team. The team started their year by conditioning and practicing with Coach Bob Gallaher in mid-August. The team started as a large group, but as the season grew closer the coach regretfully had to cut members from the team. The Varsity team consisted of 12 members. The team had only 2 returning players, Shannon Stromberg and Holly Mansfield. Because of the team's relative inexperience, it was forced to start from scratch, but rising to the occasion with verve and spirit, the team strove for the most successful possible season.

Down the line, looking towards future years ahead, the Junior Varsity team, coached by M. Wild, wasn't forced to cut the team. By last count they were left with 11 players, taking into account the dropouts. One could say with relative confidence that the teams were in every sense a success.

This year the Mission Bay Varsity Basketball team played with a vigorous ambition. The hard work that coach Seaman put them through is paying off in a very positive even win-loss record. The highlight of the Bucs season was the stunning win of the prestigious Kiwanis tournament. After this achievement the Buc's moved up into their highest high school ranking that anyone can remember. They were ranked 3rd in the county. They had the disadvantage of playing in the toughest league around. Though at the time of this writing they were out of the running for the playoffs, they will still have a very big say as to who goes. All and all the Bucs did as well as could be expected and at times even better.

JV Shoots Toward The Future

This year's J.V. Bucs basketball team was characterized by the tenacity and determination that, coupled with improved skills, will produce winning teams in the near future for Mission Bay.

The team was led by center Jerry Sullivan and forwards Kyle Ketchum and Paul Williams. Playing point guard was Tony Richards while Richie Viles and Eric Hudson shared the chores of the other guard positions.

The dedication of the team can be shown by the fact that the players had to get up at six o'clock each morning to come to practice. Once there, the players worked on passing and shooting skills or scrimmaged against each other. At any rate, the team was fastidious in its pursuit of excellence. By the end of the year, they had molded themselves into a fine basketball unit. Certainly, the future holds many bright things for this young, aspiring team.

The 1983-84 Mission Bay Wrestling team blended experience with youth to form a winning combination on the mat. The team had leadership from returning lettermen Sam Bruce, Tony Garcia, Dan Miller, Jason Dean, and Terry Gerson, as well as enthusiasm from first-year wrestlers Chip Haworth, Jon Evans, Richard Crider and Steve Smerdon. The strength of the squad was that it was well balanced with no weak spots throughout the line-up and enough outstanding wrestlers to dominate average opposition. The Buc grapplers are two-time defending league-champs with a third Western League crown on the way.

This year the Bucs had outstanding tournament wrestlers. Tony Garcia took second place at Carlsbad, and third at Morse. Sam Bruce took fourth at Carlsbad, and fourth at Morse. Terry Gerson took third at Patrick Henry, and first at Morse, along with a special trophy for outstanding wrestler. Marty Johnston had first at Carlsbad, and first at Morse.

Mission Bay wrestlers have a long tradition of winning; 81-82 League Champs, 82-83 League Champs. All season long the Bucs had to strive to attain perfection. Despite a slow start with dual meets by losing to Hoover, Mission Bay's first four league matches went by flawlessly with big wins, and everything coming down to the final match against University City. U.C. was undefeated going into the final show down. With only a few upsets, Mission Bay proved itself Champions again.

JV Wrestlers Have The Right Moves

This year's J.V. Wrestling team played a consummate role in keeping the fine tradition of wrestling excellence at Mission Bay. Along with a fine team overall record, many players went up throughout the year to compete on the varsity and help them to another championship year. Some such wrestlers were Chris Opsal, Sean Johnsen, and Jeff Fidel. Other tough wrestlers on the team were Mike Lerg and Phil Smerdon.

The J.V. wrestlers were coached this year by Coach Deacon and Coach Matson. Also giving advice throughout the year was the venerable Coach Lathrum.

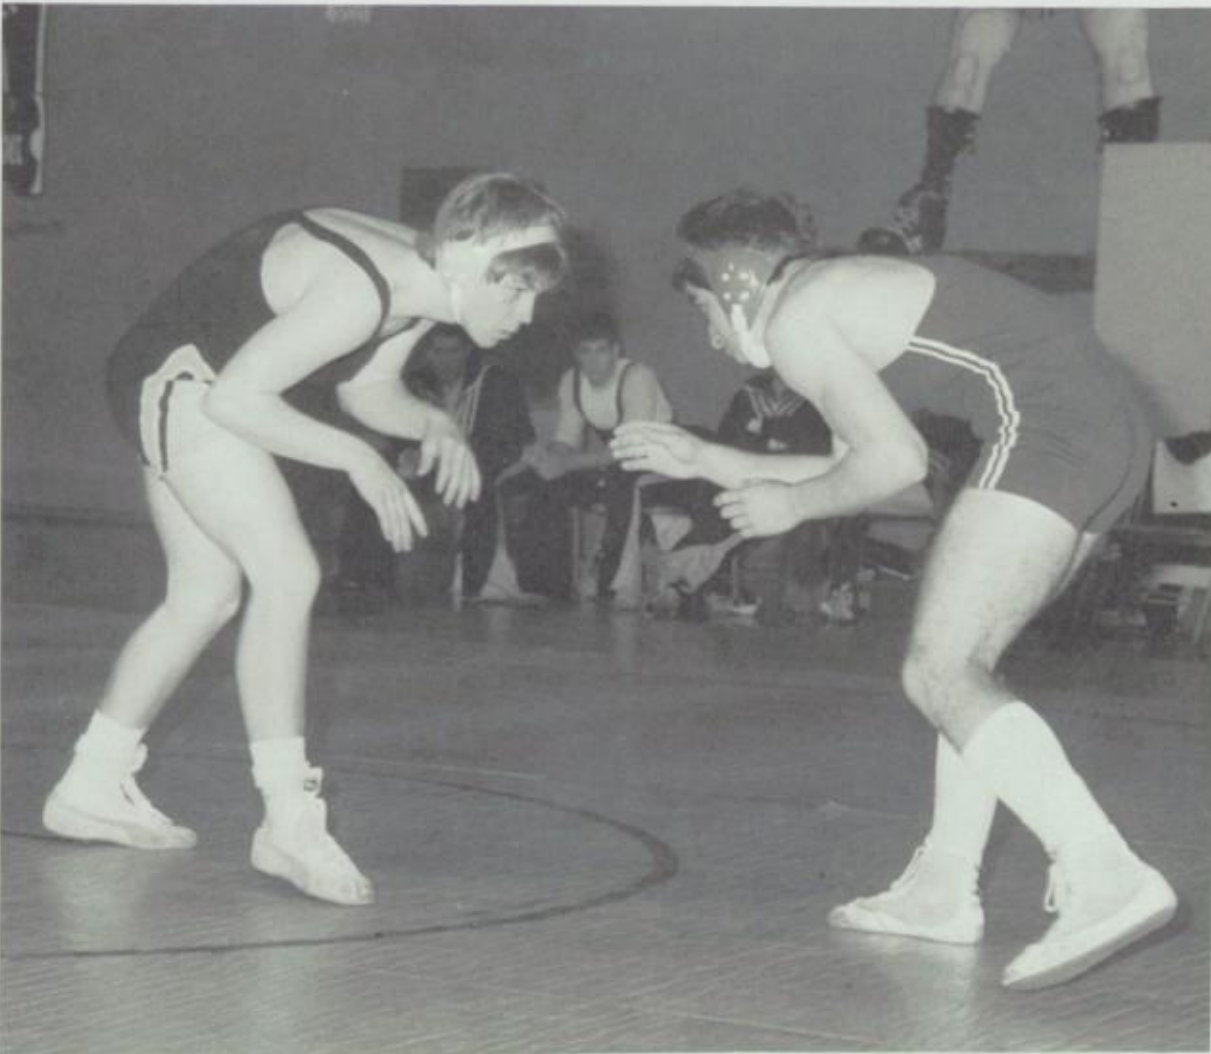

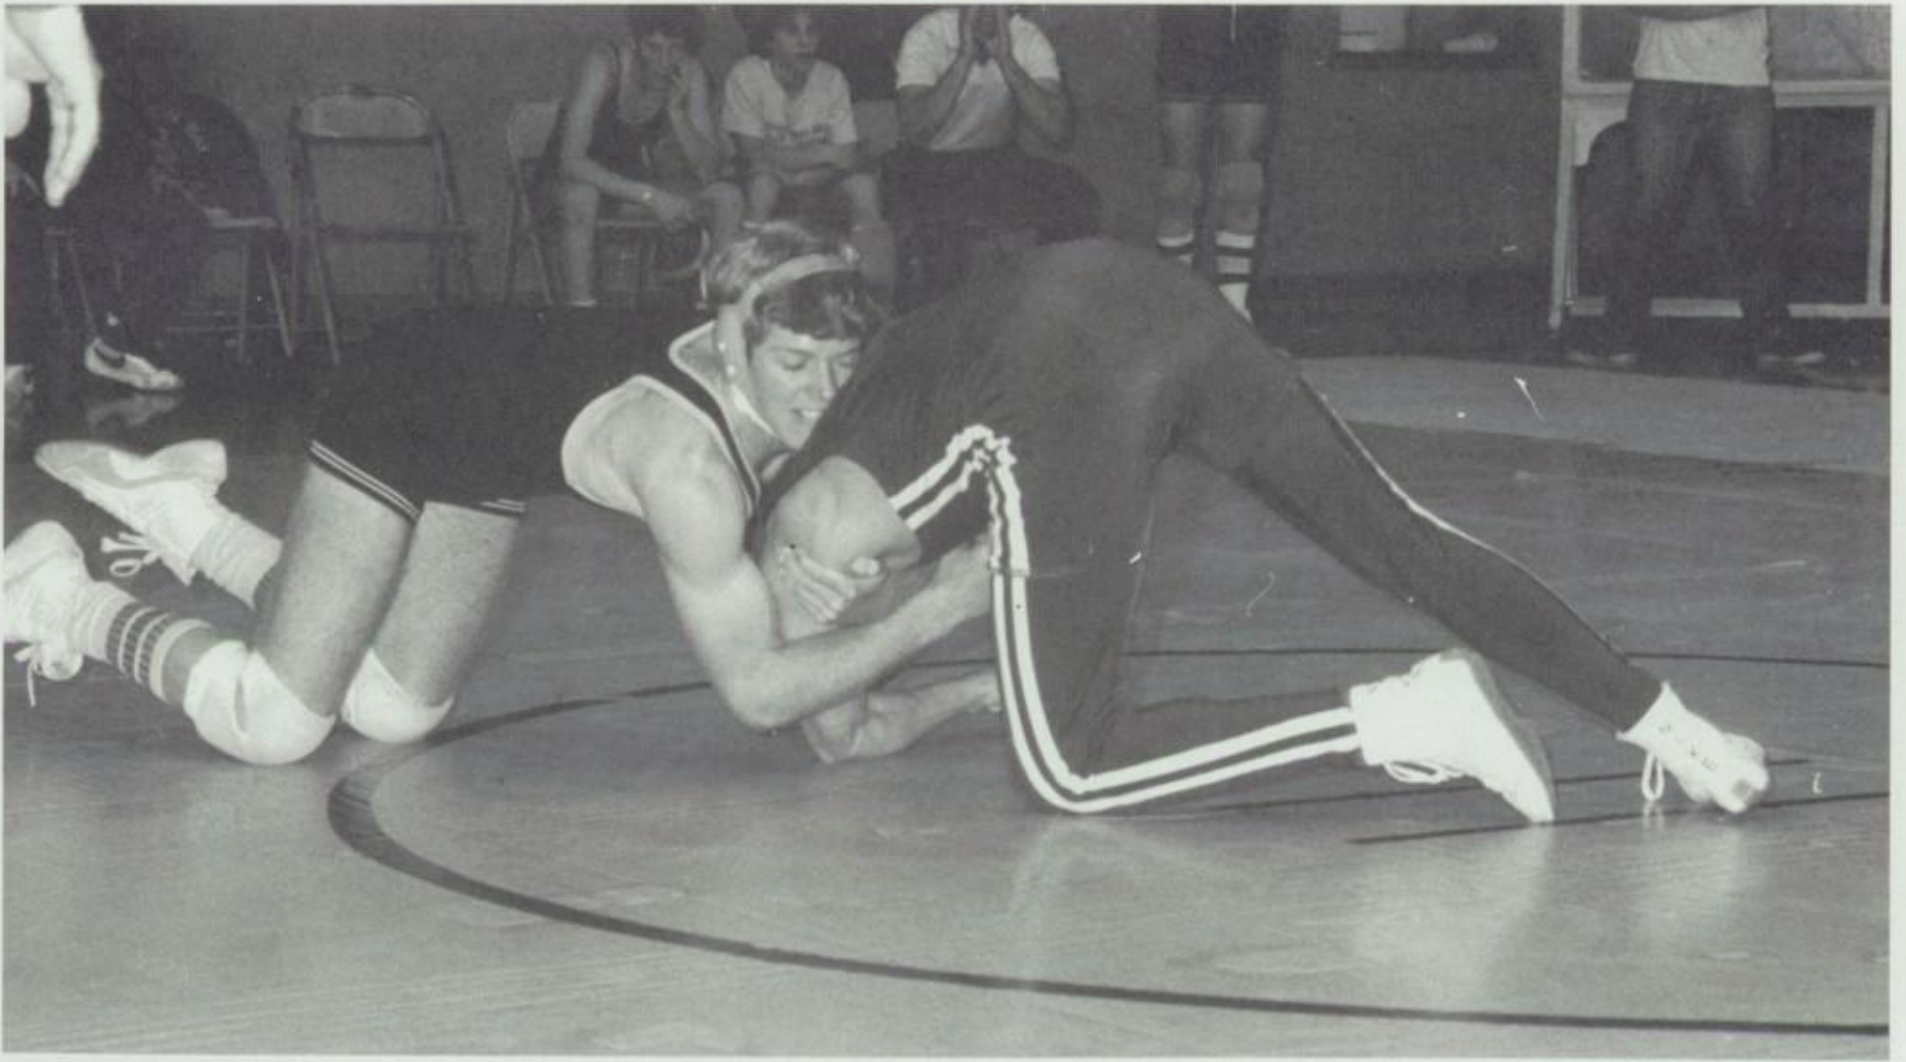

We can expect to see these great athletes carry on the fine tradition of wrestling at Mission Bay for the next few years.

Kicking Their Way to Excellence

This year the M.B. Boys Soccer team achieved new heights. The team had the most successful season of any past Mission Bay Boys Soccer team. They started the season by winning the consolation bracket of the La Jolla Christmas tournament. Led by the high scoring pair of Senior Brent Anderson and Sophomore Darren Fanelli. The magical pair of Mid-fielders Junior Pete Rodriguez and Senior Louis Cruz; the tough line of Fullbacks, Senior Chris Bonner, Junior Enzo Rodriguez, and Senior Bunkie Eldridge; the bench was full of various talent. Defending the team was goal keeper, Senior Joe Donahue. The team was in a solid third place at the time of this writing. We have an excellent chance for CIF play-offs. Well done, lads!

Girls Soccer . . . Feets of Magic

The horizons are expanding in sports for Mission Bay. This year was the first year for our Girls Soccer team. The girls soccer team was well experienced for a first year team since many of the members had been playing soccer on various teams for many years. The team had a very successful year, as they were second in their league and went to CIF. Their successful wins were brought about by practicing hard every day on all the basic skills with much enthusiasm and spirit from both the team and its many fans. Angie Braley and Tiffany Cruz were the team captains who did an excellent job of making sure that this year was the start of a successful Girls Soccer team.

This year's 1984 Ladies Varsity Basketball team was off to an enthusiastic and optimistic start. Coach Willis, for the third year in a row, was the Varsity instructor. Much of the team commented on the great support and help he always seemed to give. Three year veterans included Jill Pernicano, Holly Mansfield, Aimee Gallaher, and Shannon Stromberg. Team captains and two of the most valuable players at Mission Bay are Jill and Shannon.

This year's J.V. Basketball has started off with a great winning record. Instructing the J.V. team this season was Coach Milton. Some new sophomore talent was contributed by Carolyn Willis; J.V.'s top scorer, Judy Rogers, and Adriana Calderon.

This is the year for the M.B. Varsity Baseball team to go all the way. The team is crown deep in talent, from the players on the field to the players on the bench. It is now a matter of blending together. The Bucs were picked by the Union/Tribune and Coaches everywhere as the best 2A team in the county. The team did not disappoint anybody by losing the Hilltop Championship game in 10 innings to **very** tough 3A Mt. Carmel. The team got revenge for last year's playoff loss to Escondido by swamping the Cougars 9-1.

The team is lead by all C.I.F. players centerfielder Chip Stratton and second baseman Joe McClain. The pitching is the awesome 1-2 punch John Portlock and Eddy Hooper. Junior Enzo Rodriguez is the man behind the plate; Senior David Rodriguez is the third baseman; Senior Richard Baker is the Shortstop; Senior David Thile is the First baseman; Bill "Bull" Kosik is the Right Fielder; Chip Stratton is the Centerfielder; Richard Shaw and Juan Aviles rotate in left field. Coach Pugh and Coach Nelson direct the team. John Hemmerly is the relief pitcher along with Pete Rodriguez.

The team is up against other stiff competition in the Western League such as teams like Clairemont and University and still trying to learn to play baseball, the La Jolla Vikings. The team is hoping to do a Royal flush on the rest of their competition. Here's to a great season.

J.V. Baseball Heads For the Big League

1 . . . 2 . . . 3 strikes you're out!!

Though relatively inexperienced, this year's J.V. baseball team, according to key members, has the potential to sweep the league in coming years. The finesse and professional calm should come with hours of practice, conditioning and actual game time. Self-described as "average", M.B. baseball watchers have seen the team steadily improve, aided by ace pitcher Rusty Filter; Van Weaver, faultless catcher; and ultra-dependable Lance Larson in the outfield. Watching the team one can see the determined individual talents being molded into a cohesive whole which will eventually become the pride of M.B.

Putting Out Their Best

Last year was a year that every team wishes would happen. It was winning the C.I.F. Championship.

Last year it did happen to the BAY. Here is a very well deserved thank-you to the 83 Varsity MISSION BAY softball team for bringing a banner to the gym.

This year the softball team returns five players from last year. They are Monica Adams, Minna Lollis, Leanna Sallave, Laura Tharp, and the totally awesome player Kristin Goodall. Up from the J.V., and expected to play a very big part of the Bay's quest for a second straight championship, is the very good combo, twin sisters Jenny and Janine Smith.

"If any team can match last year's, this one can." Coach Milton was heard saying. "But, it will take one heck of an effort." The team used the non-league games at the beginning of the season to warm up for their defense of the Western League crown. If the team puts out their best, who knows what could happen . . .

The remaining team members are; Donna Wolfe, Judy Rogers, Tiffany Cruz, Kristin Cahill, Brenda Bennett, Beth Gunn, and the managers are Dawn Burgner and Lori Paschall.

Leanna enjoys snowcones. Terrific!

Minna strains to send a rocket

Judy takes a crack

Jenine is ready for any balls hit her way

The ball is there, but no runner. Easy out for Laura.

V Softball

Batty!

This year the J.V. Softball team is showing what M.B. is going to have in the future, a very good team. Faced with a slim squad after Varsity called up many players, Coach Patzy did a very good job of filling up the empty spots. The team consisted of: Cindy Wiltz, Anne Agerton, Lisa Duren, Michelle Disney, Laurie Zepeda, Tara Dorman, Stacy Worden, Kathy Danzig, and Coaches Patzy and a star form last year Coach Pam Kropp.

This team has hitting and pitching to go along with a fine defense. All the qualities are here; now it is time to sit back and watch a young team grow into "The Future's Team." It is hard not to get excited over this team!

M.B. Swim Team: In With A Splash!

Don't look now, but what is that huge hole filled with water? Why, it's the Clairemont Rec Center swimming pool!

This year's co-ed swim team had a lot of enthusiasm and spirit in competing. This year they welcomed many new members that showed a tremendous amount of improvement over the season. The coaches, Marilyn Wild and Dennis Musial, were very helpful and supportive towards the team. They were led by top swimmers Lisa Hotz and John Hanning III, who hoped to compete in the C.I.F. Finals along with other strong swimmers.

The team held an Aqua-thon to raise money for the Clairmont Rec Pool and to continue the swim team. In the aqua-thon each swimmer had to swim 200 lengths of a 25-yard pool in Allied Gardens.

The Mission Bay swim team would like to thank the Clairmont Rec Center for supporting them with the use of their pool.

Better be careful!

Top row: M. Browning, J. Hanning, J. Dort, R. Souza, M. Frazee, T. Porath, Coach Wild, J. Cameron, E. Gordon, S. David, V. Roberti, M. Janda, J. Pollack, M. Manner; **Middle row:** C. Matthews, M. M.B. Tennis: Nothing But Aces

This year, Mission Bay's Boys' Tennis had another outstanding year. With a strong nucleus returning including Seniors Shawn Bingham, Edmund Lee, and Billy Bond and new players Steve White, John Kellogg, Sid Smith, and Gary Ross, the team dominated the courts. With the awesome doubles play of Sid Smith-Keven Lewis, and Gary Ross-Rodney Henderson, Mission Bay burned up the courts with superb play. Singles players Steve White, John Kellogg, Shawn Bingham, and Edmund Lee held their own against fierce competition.

Coach Harry Weiss, the fourth year tennis Coach, through his hard work and endless hours of drills kept the team going all the way to the top. "I believe that this team has a lot of potential and with more sweat and practice will progress even further." Looking toward the future, Mission Boy's Tennis Team will be a force to be reckoned with, so look out La Jolla!

Holly, reaching for the bird.

In 1984 the Badminton team lost many star players to graduation in 83. Only four returners showed up for the 84 team, Terry Gerson, Eric Hingley, Ligi Urgelles, and Russell Johnson. They all have helped shape up the green bird strikers into winners.

Day to day competition ranking strengthens all the players, and only the top 3-4 play in the matches. Changes occur frequently from this ranking process.

The Mission Bay squad showed an early sign of things to come by winning their first practice match. Miss Malley's dedication will help to carry the badminton players to a very successful season.

The ecstasy of winning. This year the girl's track team did a magnificent job of representing the Bay. There were newcomers from every grade level. Tenth graders like Terri Turnball, Carolyn Willis and Maria Hargrove all had an excellent first year. The three girls made the school record board in their second meet of the year. Some of the girls who came out could not believe the strenuous workouts. "This is my second year out, and I'm still complaining about the workouts. But it all pays off," said Lisa Miller. Coach Ungricht got the team to believe in motivation and determination. He told them with those two ingredients you can't lose. Many track veterans like Ellen Flanagan, Adrienne Henderson and Andrea Smith improved and broke their own personal best records. Track took strength, power, devotion and friendship. When asked if track was fun, two good friends, Kelli Ault and Julie Towt responded in unison, "We love it!"

The thrill of victory

Explosive and Powerful. Those are two words that best described the Boy's Track Team this year. Varsity runners like Dan Barker, David Arnold, Malcom Cookson and Richard Rodriguez just swept in the mile relay. There was also a lot of explosion in the mile and two mile. Twelfth grader Andy Lief was just awesome. "When you run distances you have to give it everything you've got," he said. This year brought many more legs out. Doug Webster and Todd Warner are among the few who had a good year. Also in the excellent category came John Mocerri, a discus thrower who hit the record board to continue the Mocerri tradition. All in all the boy's track team worked hard and accomplished a great amount. These boys can always compete with confidence, because they deserved every medal they received.

1984 in San Diego could be best described as tranquil; the weather rolled along without a sign of wet to be found. If one can liken the weather to local news, San Diego remained in a perpetual state of calm, barely touched by national worries. A long awaited P.B. Post Office was institutionalized, the boardwalk got a new look and both P.B. Plaza and Horton Plaza inched towards a more developed state. J. David Dominelli provided a juicy financial scandal that kept readers and lawyers alike busy with talks of high finance and dubious business deals. No wonder that people come from world over to taste the idyllic atmosphere of America's Finest City. How lucky we are!

Around the globe . . . many events occurred. Before the year 1983 had ended, American Marines were fighting in Lebanon, Korean Airline flight 007 had been shot down, school funding had been cut, and the American Cup was lost to Australia for the first time in 130 years.

1984 was finally here. What a year it

was and continues to be! The first item that comes to mind is the Winter Olympics. Many medals were won, including Samuel Johnson winning the Men's downhill for the U.S.A. the first time ever! February brought us an extra day — LEAP YEAR! After spending so much time in Lebanon, the Marines were beginning to come home.

This year also brought many deaths, David, the "Bubble Boy," died at age 12, one of the Beach Boys died, Soviet Unions' President Yuri Andropov died after being so long hidden behind the Iron Curtain.

1984 is also a big election year. President Reagan is once again in the running as is Jackson, Mondale, Hart, and Glenn. (1st man in space)

Top Career Choices

In the month of October, Seniors were asked to state their career plans for the future. They were asked where they would be attending college, and what they would major in. The answers ranged from Business to working as a secretary to some popular bands. Almost everyone wanted to stay in San Diego and attend a local college such as San Diego State or Mesa. There were, however, the unique, who wanted to go all the way to Australia to attend Melbourne University. Whatever we do however, we will excel, for we are the Class of 84!

A Different Horizon In Mind

Dan Schnelle

Remember way back when you used to read your favorite comic books? Someday in the future, Dan Schnelle will be writing and cartooning those comic books. He especially enjoys drawing superhero characters. His friend started collecting comic books, and Dan picked one up one day and began drawing from it. That is how it all started, and now Dan is studying art with Mr. Steed. Drawing is not the only career goal Dan has in mind, for he would also like to open his own Comic Book Store.

You may have seen Wendy Hanna's picture in a bathing suit brochure, or even on a postcard, for she is on her way to becoming a professional model. Wendy first became interested in modeling in sixth grade. In the eighth grade she began attending Charm School and Modeling School. The strangest job she had was when she had to dye her hair orange and cut it short. This past year she has begun going Professional.

Spencer Sturm

Spencer Sturm's career will take him to Windsor, England to own a pub. He described a pub as a place where people of all ages go to eat, play darts and slot machines, and basically have a good time. Spencer is planning to get a major in Business Management and a minor in Accounting, but before college even begins, he is going on a work experience program to England with AFS. When college is over his career will begin.

You may have seen Kara Grier's drawings of cats around campus. These are the first objects she began drawing. She has come a long way with her drawings, and is making a fine artist out of herself. Last summer she entered one of her many drawings in the Del Mar Fair and received an Honorable Mention. This past year she has been taking Commercial Art with Mr. Steed to better understand the field she wishes to achieve in. Her college preference is Otis Parson's College.

MB Life

During lunchtime, many students leave the school grounds to take over local fast food restaurants. Those who stay on campus socialize, study, and eat lunch on the weedpatch with their friends.

Lunch time crowds huddle

DerWeinersnitzel — "Weldon P's Hot dog house"

Del Taco — "Hot Stuff"

Burger King — "Home of the Whopper"

7-11 — "Oh thank heaven"

Taco Bell — "Tac-a-tac-a-Taco Bell"

McDonalds — "The Golden Arches"

Jack in the Box — "There's no comparison"

Los Panchos — "Casa de Tacos"

On The Weekends . .

On the weekends, students enjoy many different types of pleasure. Many partake in social functions and merry making at Kate Sessions Park, "The Hump", the beach, Fiesta Island and local parties. They share the festivities with their friends and toast with warm spirits.

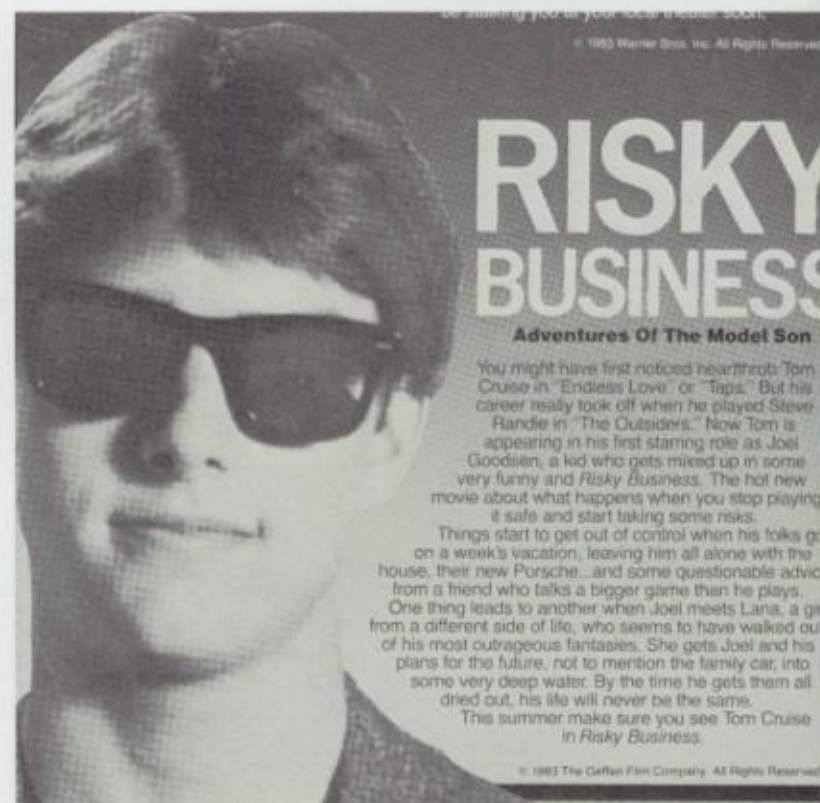

On the way home from the hump it's all but a blurr.

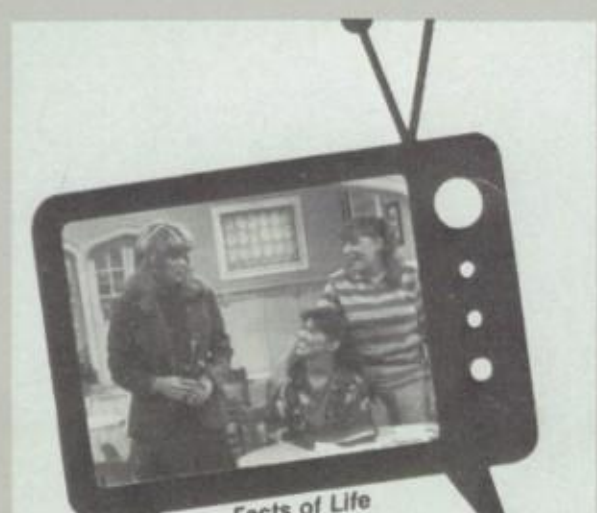

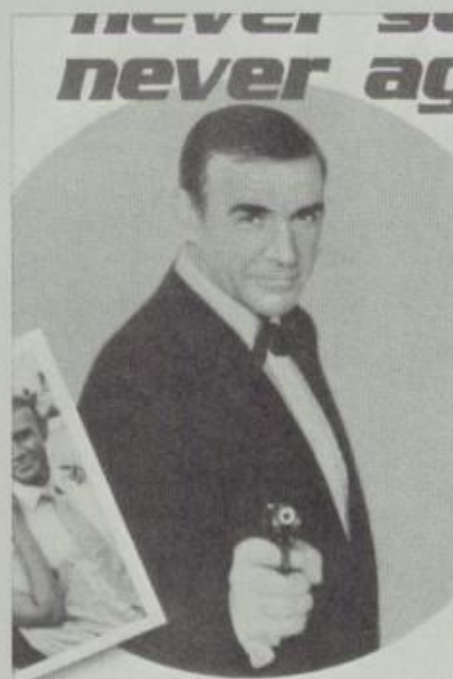

Here's your anonymous Taroga reporter, reporting on Mission Bay's favorite movies, actors, and actresses. The big hit of the year was "Risky Business," with Tom Cruise's oh-so-cool dance scene. Because of the outrageous price of \$5.00 per movie, many moneywise Bucs went to Tuesday Dollar Night Shows, Twilight Shows, or Midnight Movies. This year's movies ranged from the dramatic "Terms of Endearment" to the comedy "Vacation", from the horror action of "Christine" to the down-to-earth "All the Right Moves." MB doesn't forget good talent, for Marilyn Monroe, who died before most of us were born, was voted Best Actress. The new comedy talent of Eddie Murphy and his "Gumby" act convinced MB to vote him Best Actor. Also represented here are many hit TV shows of the year.

Is it Tom or Cheryl's shirt?

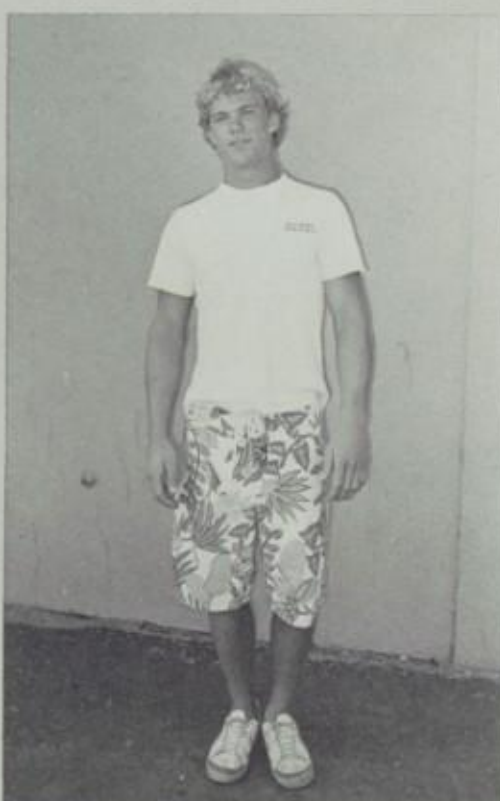

M.B. is unique for its own particular style and fashion. It contains a variety of everything!! A good way of describing this is "Anything Goes!"

Many women around the campus were running around in the big Men's Shirts, collected from Dad's, Brother's, and Boy-friend's closets. An example of this particular look is worn with the new double wrap belt.

Shoes of all styles were being worn all over the campus: Boots, pumps, flat shoes, penny loafers, plastic shoes, and the traditional tennis shoes.

The Flashdance look continued to be in fashion. It has been seen in shirts, sweaters, and dresses worn by men and women.

It's hard to tell about all the fashion worn by our M.B. students for we all have our own unique fashion.

Gillian's hobby is bike riding. Her father got her interested in this popular sport 5 years ago. She and Galaderal (that's her bike's name) have ridden in the annual Tecote-Ensenada race twice. Gillian practices about 5 hours a week in the summer, but it depends on homework how much she can practice during school. "I would like to get into racing," says Gillian, "but you need connections." She plans to keep on riding and if she builds up her speed, maybe she will go to the Olympics.

Mary Story

Petite, bright and bubbly, fifteen year old Mary Story is the epitome of a gymnast. Having trained for seven years, two to three hours a day after school, four to five during the summer; one can see the determination which has earned her fifty ribbons ("They look like pig ribbons," she laughed) and a place on the National team.

1982 was the apex of her many hours of practice; the team won the National Championship. Leading up to this exciting event were local meets taking place from San Diego to L.A. from February to April.

With an animated face Mary described her plans, "Right now I'm at level Two (two away from the Olympic Level) and hope to reach Level One by my Senior year. I'd be assured of a scholarship to college; Stanford would be ideal." This dynamite wants to study medicine, eventually specializing in neurology.

Her day is packed, in addition to gymnastics, with school, homework, ASB and cheerleading. When does she find time for anything else? "After practice on Saturday and all day Sunday." Success is obviously only a hop, skip and jump away for young Miss Story.

The scene: A small crowd gathers outside of a theatre in the late night cold. At a closer look, a driver on Adams Avenue would notice the men and women were for the most part dressed in odd costumes, worthy of Halloween's finest. Looking even closer one might recognize a tall, lithe girl, face white with makeup, attired in a gold and silver lame dress. Known to her Rocky Horror Picture Show friends as the domestic Magenta in the film of the same title, she is in real life Mishell Kneeland, a sophomore.

Mishell has been performing as many devotees of RHPS do, for several years in this well known cult film, miming characters on the screen. Fellow Rockettes come from all walks of life — morticians, nurses, donut makers, computer designers and of course high school students. Of her future plans Mishell said, "I want to be a fashion buyer or designer." Along the lines of Zandra Rhodes perhaps? "Don't dream it, be it" from RHPS will most likely be a motivating factor in her future.

Hey Julie! Check out that guy!

Mark Elfman

Perhaps one of the more unusual hobbies a sophomore is involved in is the strenuous sport of Hawaiian outrigger canoeing. Mark Elfman, said participant, has been enthusiastically rowing to his heart's content for two years. Due to the lack of interest in his age group and this amazing physical proficiency, Mark was given a prestigious position on the men's team.

An extension of outrigger canoeing were the Dragon Boat races, initiated by Singapore, which took place in San Diego's Bay. Mark's team, which consisted of twenty-four people, a drummer and a steersman, won the race. Next summer during August he will be traveling not only to Singapore, but to the Los Angeles Olympics.

We wondered what motivated this young man to put his all into a sport which demands physical and mental finesse. "When you go up to get an award, the feeling of accomplishment makes it all worth it," he said with a smile. The Olympics . . . Singapore — what else lies ahead? Oddly enough Mark plans to attend UCSD and study osteopathology and radiology. Quite a life!

Movie, Movie

Have you ever wondered what it would be like to work with stars such as Natassia Kinski, Teri Garr, Warren Beatty, Olivia Newton-John and others? One student at Mission Bay has, sophomore Tara McBrayer.

In 1981 she went to Bancroft Jr. High in Los Angeles, one block down the street from the famous production company of Francis Ford Coppola. The company "adopted" Tara's school, in otherwords they helped it out financially.

FFC offered to train 30 kids in the movie business. The youngsters were picked according to how well they wrote an essay about themselves.

Tara was one of the lucky 30 out of 300 to be chosen. Interested in acting, she was assigned to the star Natasia Kinski. Of her she said, "I didn't even know who she was when I was assigned to her."

Throughout that year Tara learned about everything involved in making a movie from costumes to memorizing lines. Her relationship with Kinski was good. "We were best friends by the year's end."

Although she doesn't want to be an actress (she saw how difficult it was to "make it" in show business), the experience was nothing less than "terrific."

Cabinets Have Class

The Sophomore Cabinet from l to r: Sec. Christine Drage, V.P. Mary Story, Treas. Corey Wong, and Pres. Erin Ellerton.

The Sophomore cabinet has a tough job; mainly, getting their fellow classmates involved in school activities. Immediately after the elections in September, the cabinet got to work, trying to make the sophomores' first year in high school a memorable one. Mrs. Nagata commented that the crew worked very hard. The entire class should be proud to be represented by such a dedicated group! This year's Sophomore President was Erin Ellerton; Vice-President was Mary Story. The Secretary was Christine Drage, and the Treasurer was Corey Wong.

The Junior Cabinet from l to r: Russell Johnson, Treas.; Robin Watson, V.P.; Shelly Geiger, Pres.; and Stacey David, Sec.

The Junior class cabinet was led by Shelly Geiger, whose direction gave the Junior class a memorable year. Robin Watson was Vice-President and Stacey David was Secretary. Russell Johnson was the Treasurer. Whatever the Juniors lacked in seniority, they definitely made up for in enthusiasm and determination!

Rexing

Rexing is something that Heather McMaster has become a master of. She's been competing for 2 years and competes in rexing competitions at least five to seven times a month. She says that a friend got her started. The name of the team is "Nomads." The Nomads practice at Palisades Gardens weekly. When asked if the sport was rewarding, she said, "Yes, it is, we all get better and accumulate more confidence in our performances." Heather competes in rexing (which is skating backwards in an hourglass pattern consistently). "It's a fun sport and it's not very expensive," she said. "I plan to continue to keep rexing so long as I am able."

Ice-climbing

Unusual is the word that best describes Lance Larson's hobby. The hobby is none other than ice-climbing. Lance has been climbing for 3 years. "My brother-in-law got me started. It's a lot like bouldering but it's on ice," Lance said. When asked how strenuous is the sport; he said "It's very challenging; it requires a lot of strength and willpower." As of right now, Lance can climb a maximum of 30 feet. He is hoping that with a lot of practice and time he can go for Mount Everest. "It's a heck of a climb, but why not go for it?" Lance said, smiling.

Cheryl Nolan

For Cheryl Nolan, a junior at Mission Bay, dog showing is nothing new. Cheryl has been showing since she was six years old. At the moment she is concentrating her efforts on a Golden Retriever named "Lady Sara Jane of Sassafrass Hall", who is a year old. Cheryl is now practicing with Sara so the two will be ready for the 1984 spring season. Will Sara become a champion? Cheryl certainly hopes so. But since Golden Retrievers are so popular, the competition will be rough, and a championship could take many years. Nonetheless, Cheryl is looking forward to a bright future for herself and Sara in competition.

Danny Villanella

Two years ago Danny Villanella took up a very interesting sport, motocrossing. He practices long and hard to improve on his unique skills. "A friend of mine told me to go for it," says Dan. But Danny wasn't aware that it was such a costly sport. "It's about \$3,000.00 a year," he says. Danny has won 6 contests and has raced in the Anaheim Stadium. He owns a Honda CR 250. "It's a perfect bike for what I compete in." His future plans include increasing racing abilities and turning pro. "Racing is something I really want to do." On your mark, get set, go for the trophy, Dan, you deserve the best!

Hawaiian Outrigging

A few years ago Chris Opsal took up a sport that would soon focus on a dream to represent the USA in the 1984 summer Olympics. The sport — Hawaiian Outrigging. Chris says that a friend got him started. "We are a team of six; I sit in the first seat and I keep the pace for the boat."

The team, which is oddly named HanoHano, had taken second place at the State Championship. "We've traveled all over California. Is this a strenuous sport? Hey, if there's no strain and pain, how do we gain? Also the only thing really tiring is the long distances." The team will be on their way to Hawaii very soon. Chris is confident about representing the US in the summer Olympics. "We are going all the way unless the boat tips over."

Melanie Pribyl

"I love dancing. It's another form of meditation for me," says Melanie Pribyl. She has been dancing for 11 years now. Her mom started her in classes when Melanie became very interested in dance.

Her daily practices include 2 hours of strenuous dancing 6 days a week. "We perform so much, I guess the practices really pay off." The group has performed for Recreation Centers, Galaxy Balls and benefits for the Space Theatre.

New York performers, Linda Gache, Art Stone, and Bo Wagner, are very well acquainted with Melanie's dancing. Besides dancing Melanie enjoys singing. Her future plans are to attend a good college and also teach dancing to disabled students. "I hope to get a scholarship," concludes Melanie. She's heading up a long staircase, one step at a time. And that's the only way you reach the top!

Sailing

Mention sailing to Jennifer Reighley and she will give you all the information you'll need. Her family races and jointly owns a 36 foot Nelson/Merick named "Crackerjack". Jennifer has been sailing since she was a young child.

Crackerjack was a stake boat at the Pre-Olympic Regatta in the summer of 1983. This means that Crackerjack counted boats and took their numbers and times. Crackerjack was also invited to become a stake boat for the summer Olympics.

Jennifer is an active member of the U.S.Y.R.U. (United States Yacht Racing Union). She participates in the Hot Rum Races bi-weekly during the fall, and the Beer Can Races during the spring and summer season. Jennifer plans on continuing her sailing. MB wishes her the best of luck!

Michael Bennett

It has been 8 years since Michael Bennett started to folk dance. His parents were involved in this type of dancing and encouraged Michael to give it a try. Little did the Bennetts know that their son would become so talented in folk dancing that he would be offered a spot on the folk dancing team. Their folk dancing team has traveled all over San Diego and Mexico. Michael feels the groups greatest achievement was performing at the Starlight Theater, which turned out to be a great success. At the present time Michael dances 4 days out of the week. "It's important to learn the basics," says Michael.

His other hobbies include playing the saxophone and the clarinet. Michael would like to start a folk dancing club here at Mission Bay High.

TMR's: MB Winners

The cast and crew of room 262: Mrs. Woodall, Mike Hollenden, Manuel Ergino, Casey Merickel, Dana Hatch, Sherrie Fiel, Dana Jackson, Sylvia Urbina, Sandy Angelini, Martha Calderon, Julius Bognar, Lisa Devore.

So much for candid camera! Sandy Angelini, Martha Calderon, Sherrie Fiel and Dana Jackson smiling at the camera.

This is the third year that there has been a TMR class at Mission Bay. The students attend the class from age sixteen to twenty-two. Two of the students, Martha Wilson and Anthony Diaz, are graduating this year.

Many of the students in the program also attend Clairemont High for ROP training. They also work in the Campus Beautiful program and in the cafeteria here at Mission Bay.

The classes are taught by Mrs. Gerish and Mr. Guinn, with help from special educational assistants Irene Woodall and Cindy Gelay. There is also a tutoring program that is very successful. The class emphasizes skills that can be used for daily life, long after school ends.

Special People

Consolations

"Those who leave this world die only when those who loved them forget them."

MB was shocked and saddened by the sudden passing away of Cynthia Bolin and Tim Burbank. Cynthia, a junior, died of leukemia on January 10, 1984, only days after learning of her disease. She was buried in Salasaw, Oklahoma, on January 14. Tim, a sophomore, died on the operating table on February 28, 1984, after a surfing accident. His funeral was March 2. Both students were bright, fun-loving people who will be remembered and missed at MB for a long time to come. The Taroga staff would like to extend their deepest sympathy to the families and friends of these tragic victims.

Celebrations

Stacia Scavia became Miss Pacific Beach of 1984 on March second. She was chosen from among nine girls in a ceremony involving swimsuit and evening gown competition and answering an impromptu question. Kimera Watson was first runner up, with Charlene Beckas second runner up. Stacia won many prizes and will go on to compete for Miss San Diego at the Fairest of the Fair competition at the Del Mar Fair this summer. Other entrants in the competition from MB were Rosemarie Butler, Stacey Geiger, Yolanda Rodriguez, and Donna Wolfe.

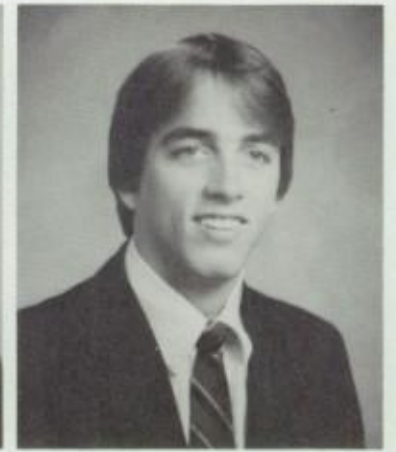

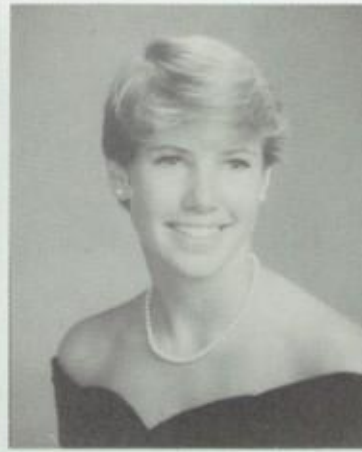

These are the yearbook editors who weren't pictured on page 11: Dena Barbour, Index; Georja Rubin, Student Life; Christa Schmuttermair, Currents; Stephanie LeeMaster, Seniors; Jennifer Reighley, Underclass; and our long lost Copy Editor, Tom Mournian.

Most School Spirited

Mike Conner and Kim Watson have a true case of Buc Fever. They both can be seen at most sports events and school functions. Kim is head cheerleader, Mike is on the basketball team, and both are involved in ASB.

Senioritis . . . ZZzzzz . . .

Every September, new seniors come to MB, full of bubbling enthusiasm, for they know this is their last year. This thrill soon wears off, however, leading to that dreaded affliction of SENIORITIS!

Here are the seven critical stages of this deadly disease:

1. Minimal Boredom
2. Slight Disgust
3. Growing Frustration
4. Deepening Resentment

5. Angry Rebellion

6. Downright Hate

7. Teacher Sacrifice

Juniors, beware! Don't let this evil affliction get **you** next year!

Innocent seniors, enthusiastic about school, are unaware of what awaits.

Most Likely To Succeed

Brian Catanzaro and Stacy Sutton are two hardworking, goal-oriented people. Brian plans to attend Stanford or Cal Tech and major in engineering or applied physics. He'd like to become a college professor and do research in these areas. Stacy wants to get a BS in business from UC Berkeley, an MS in journalism from U. of Missouri at Columbia, and go into advertising or broadcasting.

Senior Activities

Senior Take-Over: today Mission Bay . . . Slave Sale: didn't this become illegal in 1865? Grad Nite: Disneyland was never this much fun before! The Senior Prom: The celebration of the end. Baccalaureate: a moment to pause and reflect on what has happened and what is to come. The Day of Graduation: Finally, the day that 12 years of school has prepared us for. Suddenly it all seems to have been worthwhile. Hasta la vista, class of '84!

After three years of hard work and dedication, these ten people have come out as the top of their class. The staff of the Taroga salutes them for their accomplishments and wishes them good luck in all their future endeavors.

The cream of the crop: (left branch to right branch) Brian Catanzaro, Cedric August, Heidi Noderer, Anne Mahan, Holly Mansfield, Shannon Stromberg, Paul Morrison, Andy Lief. (Not pictured: Courtney Bennet and Joe Pollock)

Here's the Beef!

Anne Snyder is a famous author who spoke to MB at this year's Author Fair. Writer of **Goodbye Paper Doll**, **My Name Is Davey**, **I'm An Alcoholic**, and many other novels, Ms. Snyder says she tries to "be the voice for teenagers" and write about interesting, contemporary, and controversial topics pertaining to teens.

These are clubs and events that are new at MB this year. Although we couldn't cover everything, such as Brotherhood week and Campus Life, these events will be more fully covered in next year's yearbook.

Interact is a new Rotary-sponsored club on campus. It's a fun club that combines community service with exciting activities, which makes it the most unique club on campus. Although it only began this year, Interact's members went skiing at Mammoth and to Magic Mountain. This club is full of enthusiastic and energetic members who basically just have a good time.

LaCrosse is a new sport which is actually an unofficial club this year at MB. Led by star players Joe Pollock, Chris Fagan, Ron Busch, and Todd Toth, the team has fared better than everyone had expected. LaCrosse members are hoping to make this exciting sport recognized by CIF and an official MB sport for years to come.

The Mission Bay High School diploma program is for those students who would like to pick up credits or those students who can't attend school during the regular hours. The students who have the required amount of credits, will graduate and receive their diplomas with the rest of the class of '84.

Classes are taught four nights a week in math, English, and science. The teachers are Ms. Naff, Ms. Abbott, and Mr. Trader. The whole program has been diligently coordinated by Ms. Garcia.

Senior Achievements / New At MB

Awards

Melissa Caccam was nominated by teachers to represent Mission Bay in the Girls' State conference which takes place in Sacramento. She will have the opportunity to set up and take part in a surrogate government to learn about the workings of the American system.

National merit finalists: Heidi Noderer, Smokin' James Moore, Stacy Sutton, Jon St. John, and Kelly Bezverkov, have earned the chance to compete for national scholarships based on high S.A.T. and P.S.A.T. scores.

The Bank of America honors outstanding students each year for achievement in various academic subjects. Pictured here are this years recipients: **Bottom left:** James Moore, Art Fisher, Mary Rodriguez, Chris Crockett, Heidi Noderer, Stacy Sutton, Brian Catanzaro, Mike Muckerman. **Top:** Barbara Bandy, Kelly Bezverkov, Stacey Geiger, Kara Grier, Kelli Fowler.

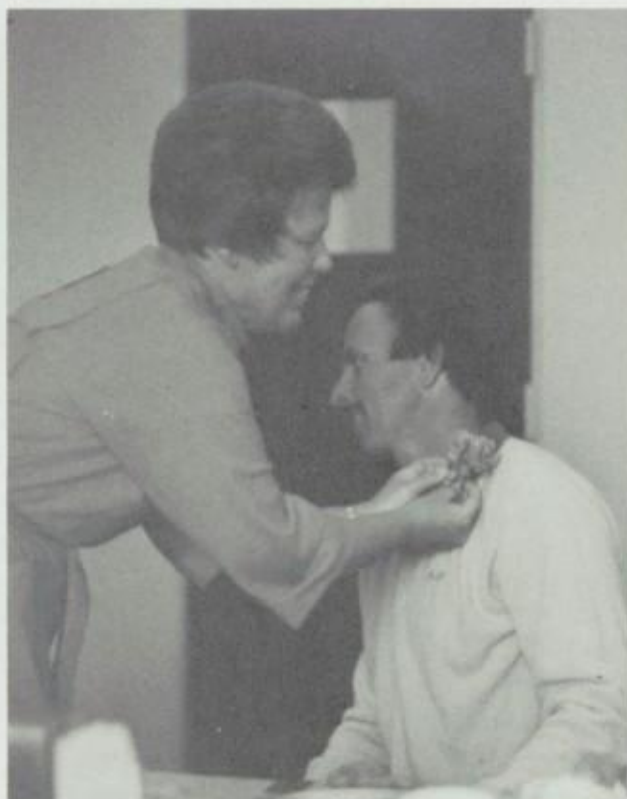

Wes Odom, Shelly Geiger, and Scott Unger went to a conference in Washington D.C. and Valley Forge and toured the significant historical monuments. This opportunity was awarded for outstanding achievement by the Freedoms Foundation.

The P.T.S.A. awards outstanding faculty members for scholarship contributions. A breakfast was held in honor of this years recipients: Billy Scofield, Dennis Pugh, and Joan Liddell.

Coach Pugh receiving thanks from Mrs. Dort.

Education is a joint effort between the teacher and the student. You can bet the teachers here at MB are more than willing to do their part. Such dedication can be exemplified by Miss Malley, Mr. Meinardus, and Mr. Zmolek who have taught here since the beginning of Mission Bay. With such devotion, our teachers literally have themselves a class act.

Horizons

"You are members of the information generation. Your futures lie in fields we can't even dream of today. Scientific development, technical advances, the information explosion, and computers have already changed your world several times. Your expanding horizons beckon you. I know you will meet the challenge and I wish you well."

Top Authorities

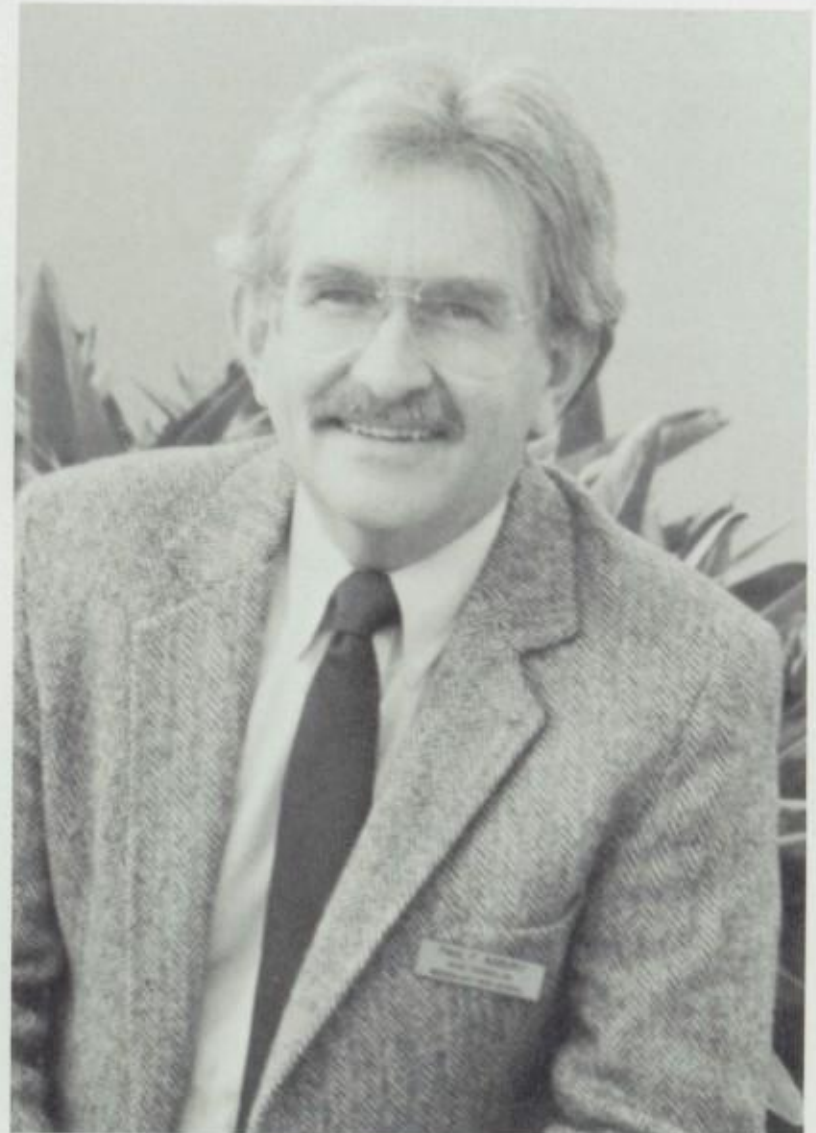

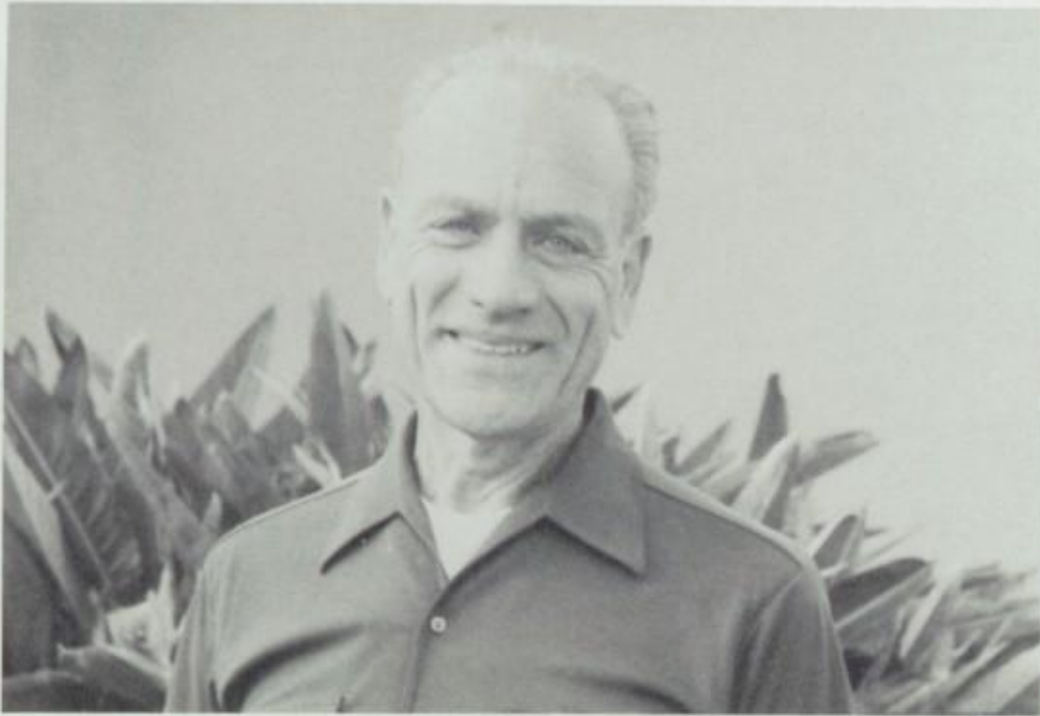

Mission Bay's distinguished hard working administrators and counselors are unique. This school year Mission Bay welcomed two new replacements: Mr. T. Patton, our new boys vice principal, and our head counselor, Mr. P. Asbury. With their help and support our school continues to excel in a variety of areas.

Iris Garcia, 10th & 12th grade.

Pete Terrana, 10th & 11th grade.

Steve Stangland, Magnet Counselor.

Paul Asbury, Head Counselor.

Administration

Hardworking People

Mission Bay High School is kept running smoothly by the secretaries, cafeteria workers, and the custodians. The secretarial staff works hard to keep all the students' records and files in order. They are the ones who write out passes for students to get out of class. They also write out blue slips with the permission of a parent, so that the student can leave school early. These employees are always hard at work, and without them the school would not

run. They are one group of hard-working beings.

Our cafeteria workers start early each morning preparing food for our school plus other neighborhood schools. The custodians keep the athletic fields in good shape. They keep the school campus clean and are around to fix something if it needs repairing. Mission Bay High School thanks these people for the help they give us.

These are the personnel who keep the school running smoothly.

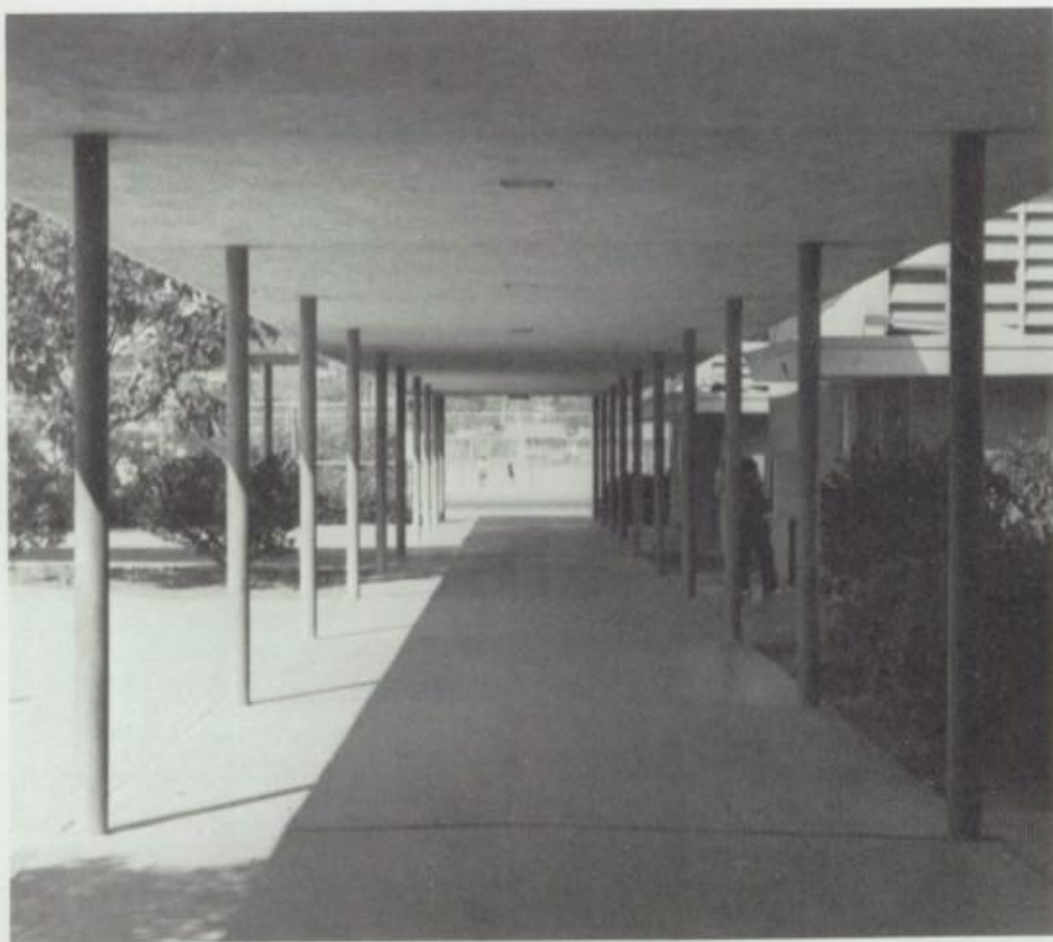

Cafeteria workers
keep food hot for
us.

Custodians keep the campus in shape for all of us.

HELLO WORLD

The trials and tribulations of high school hold many memories for us. The expectations of the beginning of the senior year and the sad good-byes to Mission Bay and glorious hellos to the world. The Juniors who now feel at home and think that they can conquer the world now that they are driving. The poor sophomores who somehow survived the first year and are glad to see it go. We will always remember our wonderful (Ha) teachers and counselors for the fond memories they have provided us and the cafeteria staff for providing us iron stomachs. Thanks for the weedpatch so we can escape the pressures of high school while still on campus (thank you seagulls for sharing it with us!). The friendships that will last a lifetime. No one knows what expectations the horizons hold for us, but hopefully they will materialize.

The 1984 Taroga, volume 28, was printed in Marceline, Missouri by the Herff Jones Yearbook Company. The book's theme, "Expanding Horizons", was decided upon by the 84 staff. Eight ½ x 11 inch Bordeaux paper was used for all 244 pages. The endsheets are standard combo color #8412, supplied by Herff Jones. The cover is black Spanish grain with a blind embossed Buccaneer ship and the title stamped in gold foil Old English type.

The Opening and Student Life sections have sixteen pages of color and eight pages each of maroon and cyan blue spot color. Headlines were printed in 36 pt. Helvetica, subheads in 18 pt., body copy in 10 pt., captions in 8 pt., and the folio at the bottom of the pages is 24 pt. Division pages have headlines of 72 pt. Helvetica Medium Outline and 12 pt. tooling lines. Tooling lines of 2 pt. were also used, including the two running from beginning to end.

Underclass pictures were taken by Campus Pictures. Senior portraits were taken by Busco-Nestor Studios, who also furnished photographic supplies and services throughout the year.

The yearbook staff would like to thank all contributing writers and photographers, and especially Darryl and Bruce.

Kris
 we missed
 you last year...
 Well, it's too bad
 that I won't be at Berkeley
 next year but I'll see you
 during the breaks. I guess
 I can't think of any other
 things... Keep you
 straight...
 Don't get in sister trouble...
 Luck & Good Life

Benjamin Costantino
 P.S. I you need a hand, feel
 free to call 270-2301
 P.S. Remember: the Cardinal
 rule of doing something
 wrong is not to get
 caught...

Don't believe everything that is happening
 this year. It's incredible to think we are already
 over 20 years old. I wish you the best
 & everything. This, and a successful career
 in Berkeley to do. If you ever
 want to come over again, let me know.
 I'm starting over again. I'm proud with myself.
 I'm in a good mood after the year.
 I'm a friend with love.
 Your friend with love,
 Krista

be happy and love life! Your friend with love,
 Krista
 even though you're going to Berkeley and all. Good luck always,
 Krista
 able to spend it with you. I hope we can keep in touch,
 together. You're really nice and I'm glad to have been
 been a good year. We've done a lot
 this has really
 Krista

Dear Kris,

What to say... What to say. It's really ashamc that we don't sit together in physiology any more... I missed you when I went to Utah too. There are a couple things I'd like to say to you that are easier to write down in an Annual than to say (understand?). I feel bad about some of the ways I've treated you this year - I don't mean to bring you down when you're in a good mood; and I certainly don't mean to avoid you, but some times when I'm feeling out of it I really don't feel like talking to Stacey (not you) and since you two are always together I tend to stay away. I'm sorry, Hmm... what else. There's something that both of us have been indirectly alluding to all year and I guess I'll try to talk about it for a change; that is that I really like you a lot, and I want to stay good friends, and keep talking to you (I think a hug now and then would really be nice) but all I want to be Kris is good friends. I feel sort of bad about that because it seems to me that your looking for more than friendship (it feels strange saying that). I think I know how you feel because I've been in the same position, and that's one of the reason I feel this way. I've seen one to many friendships fade away that way. Anyways Kris you are one of the few people I don't have to worry about never seeing again because we'll both be in Berkeley and that'll be nice.

I'm going to sign off for now
but we'll talk later okay please
give me a call if you feel like it (2760326)

Siempre amor,

Paul

P.S. that was sweet

Kris,

I'm so glad you and Stacey came back to me this year because in 10th grade I only knew Stacey and this year I was able to get know both of you. I'm so happy to be friends with you because you are one of the few people who I can talk honestly to. You have many of the same beliefs. I hope having my dad as a teacher this year wasn't too hard. I know how you felt about Mr. King. Making spaghetti at your house, talking on the weedpatch, and listening to Dr. Payne were great memories of this year. I'm so happy you'll be able to come visit me this summer. Lopez means so much to me and I hope you will enjoy it too. We'll have to work out the details before you leave for Seattle. Maybe we can get together then too. In fact, no maybes, we will get together before you leave. Next year when you're at Berkeley I'll be close by so hopefully we can visit each other. I wish you the best always in all your endeavors. May all your dreams come true

Love,
Heidi Modere

ALB, I'M GLAD WE HAD POLI SCI TOGETHER.....
I'VE ENJOYED MY TIMES HERE + I
HOPE YOU HAVE TOO. TAKE CARE +
BEST OF LUCK  - CAMERON.

Woo, you are ~~so~~ cute! Good luck at Berkeley and
stay sober. (maybe not)

(in my class)

slap!
This is so real.
We're going to the
prom, and we graduated.
It seemed like such a little
time ago we just started this
